We currently have four locations in the United States located in New York, Las Vegas, Chicago and our current location in Buffalo, New York. This 118-capacity restaurant in Buffalo features granite tables with thermal induction hobs. The four VIP rooms are equipped with the latest karaoke and audio systems that offer you the best entertainment while enjoying our warm kitchen. Our menu contains multiple food choices; we offer five different healthy and nutritious broths, as well as different sauces to supplement the food. They feed on boiling broths and then dip the boiled food into their own sauce. We also offer many excellent Chinese and Korean dishes. We have authentic Sichuan cuisine / Mongolian-Chinese barbecue and various flavored dishes of lobster and duck. Please refer to our menu section for details. Here at Buffalo the little lamb aims not only to provide you with the best nutrition, but also to expose you to the broad culture behind the kitchen! We are pleased to present a concert of Chinese traditional musical instruments on Saturday night 7:30-20:30. Please come and see! Take-vegan delivery booking options accept credit card providers good for groups-fih as service twaiter or services may differ due to COVID-19. Please contact the business directly to check times and availability. Our site is supplied by JavaScript. To continue, please enable JavaScript in your browser preferences. Reload the home page to see what all this is. The tables have a small grandson for the broth. The diner orders the aroma of broth and the contents of their dish, including several varieties of mushrooms, meats, vegetables. This has come to you and the place you like in the broth and cook it. There's a sauce bar where peanut sauce, candy (?), soy and other Asian flavors are selfies. There was a lot to take home a 2nd bowl of soup. Unfortunately, there are no order instructions, so we did not maybe it's possible. Products are paid individually so that you pay for what you order and order only what you like to eat. More food.
