SALT NETWORK

Our Dream

There are over 400 major university campuses in North America. In the next 20 years, The Salt Network is resolved to see a vibrant church planted in each one of these strategic university centers.

Our Goal

The Salt Network is working to see churches planted, communities strengthened, and Gospel witness extended to the ends of the earth. In particular, we strategically partner to plant churches in global university centers.

Our Prayer

"The harvest is plentiful, but the laborers are few. Therefore pray earnestly to the Lord of the harvest to send out laborers into his harvest." - Luke 10:02

MERCY HILL CHURCH
