OUT YOUTH

For the last 32 years, Out Youth has served LGBTQIA+ youth and their families, ensuring that they are loved, acknowledged, and accepted exactly as they are. The organization hosts a variety of programs including school-based services for youth to ensure these promising young develop into happy, healthy successful adults. Donations will support a hospital, drop-in youth program on Sunday and Wednesday evenings; in-school programs at dozens of schools across Central Texas; and health, hygiene and wellness kits for youth and young adults.
