

# GIFTS OF HOPE 2022

## CASA MARIANELLA

For 37 years, Casa Marianella has provided shelter and support services so that people seeking safety in this country can get on their feet and thrive. This summer Casa Marianella opened its 10th house, a shelter for two parent families and single fathers with children. We serve 150 people per night and resettle 500 people per year. Casa depends completely on the support of the community of Austin and is very grateful for the opportunity to do this work.
