

Daniel 7:13-14

John 18:28-32

"Now see what the Jews were doing. They were carrying out the details of the ceremonial law with meticulous care; and at the same time they were hounding to the Cross the Son of God. That is just the kind of thing that men are always liable to do. Many a church member fusses about the sheerest trifles, and breaks God's law of love and of forgiveness and of service every day. There is even many a church in which the details of a pastor's clothing, the church furnishings, the order of service, and the events of the church are attended to with the most detailed care, and where the spirit of love and fellowship are conspicuous only by their absence. One of the most tragic things in the world is how the human mind can lose its sense of proportion and its ability to put first things first."

"The great problem in America today is Truth Decay, where everything is unraveling before us. And if anyone stands for truth, he looks like he or she is bigoted, we're all supposed to get along, but I'm going to tell you, It is better to be divided by truth than to be united in error....Our job today is not ultimately to save America, our first responsibility is not to preserve our freedoms- as important as they are- our prime responsibility is to stand up for Christ and witness to this world of HIS grace and power and truth!"
