

Song Lyrics

Song #1: Back to Front Hard and Fast

Back to basics
Back to school
Back to thinking
I'm a fool
Back to looking
Back to hunt
Because you got me
Back to front

In and out
Out and in
No surprise
I'm so thin
Chase you here
Chase you there
But you don't
Seem to care

See me here
I love you
But I don't know
What to do
Need to look
Need to find
Got to find
Peace of mind

See you girl
Look at me
See me waiting
Patiently
Why won't you
Come with me?
Why can't you
See the real me?

Song #2: Feed Me Love

I've seen the camps in Sudan
With starving kids around
I've seen the love of brother man
Lie bleeding on the ground

I've seen the hate in a friendly face
I can't help but be scared
But it would be a disgrace
If we didn't say a word

Chorus:
Feed me love
Feed me hope
Feed me seeds of life
Feed me with love you can't sell
Feed me light
Feed me care
Feed me anything
Feed me until you're well

I've seen the floods take the kids
I've seen folks on fire
I've seen the harm a brother does
I've seen all men are liars

But I haven't seen you my friend
As you pass your brothers by
And I haven't seen you cry my friend
When you watch your sister die

Chorus

So come with us
You know the way
You've known it from the start
Be brave be strong
It won't take long

If it comes from the heart
