

# Electricity, electronics and electrical circuits

**EST**  
 PAGES 458-462  
 Complete this concept review handout and keep it as a record of what you have learned.

## Definitions

- Direct current is \_\_\_\_\_  
 \_\_\_\_\_
- Alternating current is \_\_\_\_\_  
 \_\_\_\_\_

## Differences between electricity and electronics

Characteristic	Electricity	Electronics
Materials used	_____ _____	_____ _____
Power of the current	_____ _____	_____ _____
Size of circuits	_____ _____	_____ _____

## Components of an electrical circuit
