

SSC1 – SCIENCE

TEMPLATE

STUDENT LOG

Creating the context	2
Planning the problem solving	4
Initiating the problem solving	6
Analyzing results and drawing conclusions	7

Name: _____

Group: _____

Creating the context

I ask myself questions

Name: _____

Group: _____

Creating the context *(continued)*

I must

I think

Reflection

Do I fully understand the scientific (and technological) concepts covered in this situation?

Yes

No

☐☐

Name: _____

Group: _____

Planning the problem solving

I plan

Materials

Protocol

Name: _____

Group: _____

Planning the problem solving *(continued)*

Protocol *(continued)*

Table of results

Reflection

Have I considered other approaches?

Yes

☐

No

☐

Name: _____

Group: _____

Initiating the problem solving

I experiment

Safety rules followed

Reflection

Yes

No

Did I record and justify each of the changes I made to my plan of action?

☐☐

Name: _____

Group: _____

Analyzing results and drawing conclusions

I analyze my results

I draw my conclusions
