| Planning the project | 4 |
| Completing the project | 6 |
| Testing the prototype | 7 |

Name: _____

Group: _____

Creating the context

I ask myself questions

Creating the context *(continued)*

I must

I think

Design plan

Reflection

Does my design plan meet the specifications?

Yes

No

☐
☐

Do I fully understand the technological (and scientific) concepts covered in this situation?

☐
☐

Planning the project

I plan

Technical diagram

Name: _____

Group: _____

Planning the project *(continued)*

Equipment

Materials

Reflection

Have I considered other approaches to building my technical object?

Yes

No

☐☐

Name: _____

Group: _____

Completing the project

I build

Safety rules followed

Reflection

Did I record and justify each of the changes I made to my plan of action?

Yes

No

☐☐

Name: _____

Group: _____

Testing the prototype

I evaluate my prototype
