

## Concept maps

## CHAPTER 4

EST

**KEY WORDS:** acid-base neutralization, balancing chemical equations, cellular respiration, chemical changes, chemical equations, combustion, endothermic reactions, exothermic reactions, law of conservation of mass, oxidation, photosynthesis, stoichiometric calculations

## 4.1 Chemical changes

## Concept maps

### CHAPTER 4

EST

**KEY WORDS:** half-life, nuclear fission, nuclear fusion, nuclear stability, nuclear transformations, radioactivity

## 4.2 Nuclear transformations
