

Concept maps

CHAPTER 5

ST

KEY WORDS: dynamic electricity, electrical circuits, electrical energy, electrical power, electric current, intensity, Ohm's law, parallel circuits, potential difference, resistance, series circuits, static electricity, time

5.1 Electricity (1)

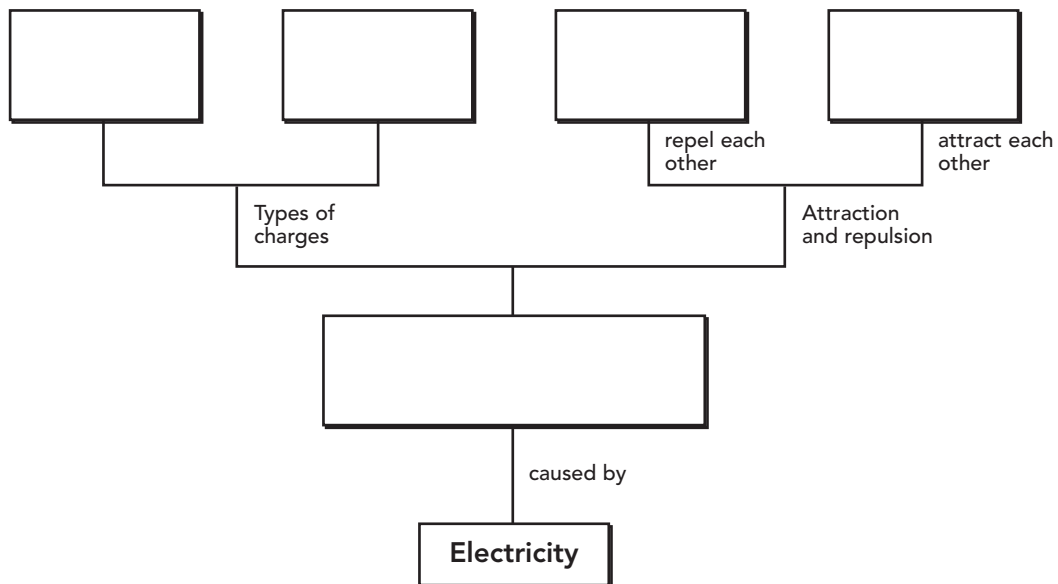

Concept maps

CHAPTER 5

ST

KEY WORDS: electrical charges, like charges, negative charges, opposite charges, positive charges

5.2 Electricity (2)

Concept maps

CHAPTER 5

ST

KEY WORDS: like poles, magnetic field, north pole, of a live wire, opposite poles, south pole

5.3 Magnetism
