

Concept maps

CHAPTER 5

EST

KEY WORDS: Coulomb's law, dynamic electricity, electrical circuits, electrical energy, electrical power, electric current, intensity, Kirchhoff's laws, Ohm's law, parallel circuits, potential difference, resistance, series circuits, static electricity, time

5.1 Electricity (1)

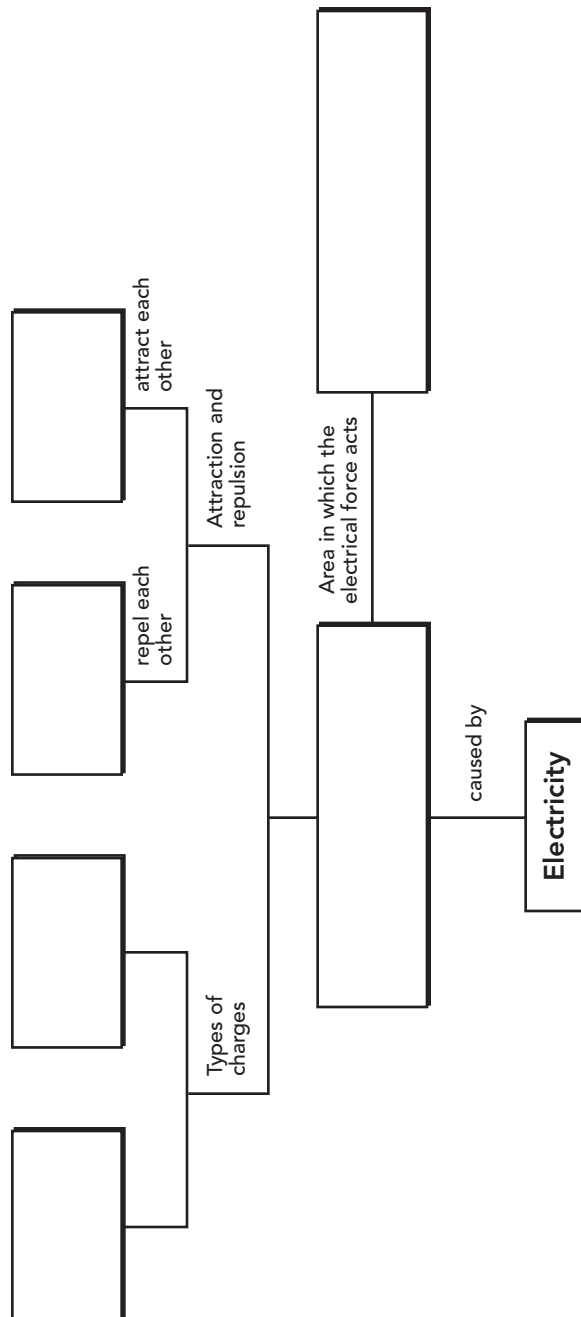

Concept maps

CHAPTER 5

EST

KEY WORDS: electrical charges, electrical field, like charges, negative charges, opposite charges, positive charges

5.2 Electricity (2)

Concept maps

CHAPTER 5

EST

KEY WORDS: like poles, magnetic field, north pole, of a live wire, of a magnet, of a solenoid, opposite poles, south pole

5.3 Magnetism
