

CHAPTER 12

KEY WORDS: ceramics, composites, compression, constraints, deflection, mechanical properties, metals and alloys, plastics, shearing, tension, thermoplastics, thermosetting plastics, torsion, wood and modified wood

12.1 Materials

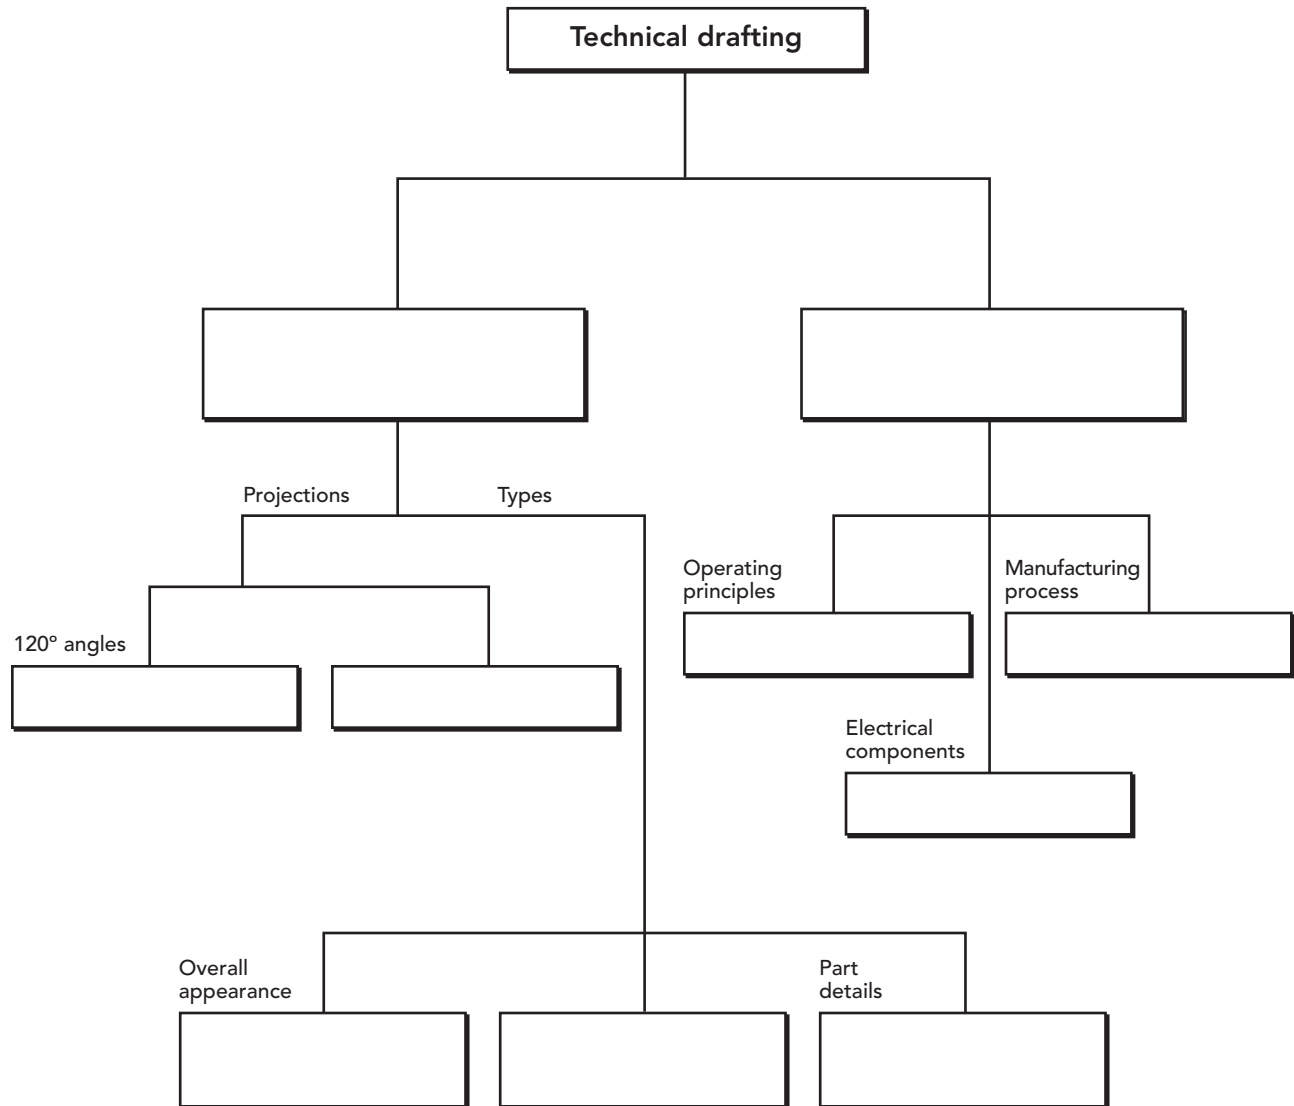

Concept maps

CHAPTER 12

AST

KEY WORDS: circuit diagram, design plan, detail drawing, diagrams, engineering drawings, exploded view, general arrangement, isometric, multiview, technical diagram

12.2 Technical drafting

Concept maps

CHAPTER 12

AST

KEY WORDS: assembling and finishing, cutting, drilling, inspecting parts, machining, measuring and laying out, tapping

12.3 Manufacturing
