

MONSCIERGE

FCC's COVID-19 Telehealth Program

The COVID-19 Telehealth Program will provide \$200 million in funding, appropriated by Congress as part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, to help health care providers provide connected care services to patients at their homes or mobile locations in response to the novel Coronavirus 2019 disease (COVID-19) pandemic.

Eligible parties for funding

The COVID-19 Telehealth Program limits participation to nonprofit and public eligible health care providers that fall within the following categories (funding priority given to entities with greatest need and supporting high-risk and vulnerable populations):

- Post-secondary educational institutions offering health care instruction, teaching hospitals, and medical schools
- Community health centers or health centers providing health care to migrants
- Local health departments or agencies
- Community mental health centers
- Not-for-profit hospitals
- Rural health clinics
- Skilled nursing facilities
- Consortia of health care providers consisting of one or more entities falling into the first seven categories

Steps and instructions to apply

The COVID-19 Telehealth Program limits participation to nonprofit and public eligible health care providers that fall within the following categories (funding priority given to entities with greatest need and supporting high-risk and vulnerable populations):

- 1 Contact Monscierge** - You'll be assigned a process specialist.
- 2 Consultation** - We'll discuss your facility and technology needs.
- 3 Application** - We'll walk you through the application process.
- 4 Track Approval** - On-going progress reports over the estimated approval process.

What to do before filing an application

You will need to ensure you have a federal EIN tax number and complete business information including the legal name, address, and contact details. A Monscierge service representative will work with you during the application process to ensure you have the proper details.
