

Just after 7:00 this morning, a community member notified Mooreville High School of a potential threat to the school made by a student on social media. Police were immediately notified and the student who made the threat was interviewed by school administrators and taken into custody prior to the start of school.

This community member is commended for making us aware of this social media post. Any parent, student or community member who sees anything of concern on social media or hears anything that should be of concern to school safety is strongly encouraged to contact school administration or local police.

As always, we are committed to providing a safe school environment for our students and staff members. We thank you for your continued support of the Mooreville Schools.
