

---

This morning, a Mooresville High School student notified school administrators about overhearing a threat to the school made by two other students. The students involved in the conversation have been interviewed by school administrators and will face disciplinary action.

This student who reported the situation is commended for making us aware of the concern. Any parent, student or community member who hears anything of concern to school safety is strongly encouraged to contact school administration or local police. We always take these reports very seriously.

As always, we are committed to providing a safe school environment for our students and staff members. We thank you for your continued support of the Mooresville Schools.
