Flu Season Reminders

Like many schools across the country, we are working to keep flu germs at bay. In addition to regular nightly cleanings, our custodians are routinely cleaning high traffic/high germ areas such as drinking fountains and doorknobs. Teachers are also encouraging handwashing and reminding students to cover their coughs. We ask that all families please remember not to send their child to school if he or she has a fever or other flu symptoms. Please also remind your children to wash their hands thoroughly and regularly.

Thank you for your help as we try to keep ahead of this year's severe flu season. Additional information about the flu and flu prevention is available on from the [Centers for Disease Control website](http://CentersforDiseaseControl.gov).
