BEN DAVIS AREA 31 CAREER CENTER • 1200 N GIRLS SCHOOL RD

Dear Parents and Guardians:

As summer approaches, we are happy to celebrate the success your children have had with Mooreville Schools this year! We are proud of all our K-12 schools, and it is clear that we have excellent teachers and staff who truly care about your children. Did you know that right here in Mooreville, Wayne Township Adult Education serves the adults of our community? Don't let the name fool you - Wayne Township Adult Education serves not just Wayne Township, but **northern Morgan, western Marion, and Hendricks County** as well, including 11 different school districts. We have a passion for helping our adult students to succeed. Now we serve the community in more ways than ever! Here are some frequently asked questions about how we serve our community.

Isn't adult education only for students who need a GED?

No! Many people think of only the "GED" (now called the HSE for High School Equivalency) when they think of adult education, but things have changed! Not only do we still serve students who need to learn English or earn their HSE, but now we are also proud to offer **career training and certifications to adults who already have high school diplomas.**

How much will the career training and certifications cost?

We are pleased to offer scholarships to qualifying students, making that career training available at no financial cost to you. Your payment is your success, which paves the way for future opportunities for your family!

What career certifications are offered?

We offer pathways to many great career options, including **industry-recognized career certifications in high-demand fields** in as little as 4 weeks and up to 16 weeks. We offer certifications in clinical medical assisting, dental assisting, EMT, Paraprofessional Education, Microsoft Office, Quickbooks, IT network support, welding, and HVAC, just to name a few!
