

Kindergarten Bus Orientation July 24, 2019

Kindergarten Bus orientation will be Wednesday, July 24, 2019. Each parent and kindergarten student should plan to be at their respective elementary school on this date. We are asking parents to only bring their kindergarten student(s) to this orientation. Each bus driver will give a short overview about bus safety.

When the driver has completed his/her presentation, the parents and kindergarten students will be taken for a short bus ride. The entire bus orientation should last no longer than one hour.
