Mooreville Families –

By now, you've heard of Governor Holcomb's decision to close all Indiana Schools until at least May 1. This closure is an effort to help reduce the spread of Coronavirus COVID-19.

Providing a quality education and a safe environment for our students and staff is always our top priority, and we continue to be committed to providing exceptional services to our community. While we know that this action is in our best interest, we also know that it creates many questions for our students, staff, families and community. We will continue to provide educational services to our students through eLearning as well as provide meal services. Our buildings and all school activities will continue to be closed. **Please continue to check our website** at www.MoorevilleSchools.org as we are constantly updating information for all families.

The school closure has prompted the cancellation of all state testing as well. We have attached the [testing update letter from the Indiana Department of Education](#).

The most important thing at this time is for all of us to stay calm and positive for our children. We appreciate everything our families, staff, and community are doing to support our students. Pioneers are stronger working together.

Thank you,

Randy L. Taylor
Superintendent
