- April 13 - ACT School Day
- April 16 - Quarter 4 Midterm
- May 4th - Teacher Appreciation Day
- May 21st - Last Student Day
- May 29th - Graduation!

Keeping MHS Open During COVID

As our local, state, and national COVID numbers continue to improve, I have been reflecting on the amazing accomplishments of the MHS students, families, staff, and community. In many locations throughout our country, schools have not reopened to full capacity for students and staff. I hear discussions about schools not knowing how to safely reopen. I wish they would follow our lead.

I'm so proud of our in-person students who have followed our COVID-safety protocols of mask wearing, socially distancing, one-way hallways, handwashing, and more. I'm proud of our virtual students who have logged into their classes daily and continued to work through technical and other remote learning challenges. I'm proud of our teachers and staff who have successfully implemented simultaneous in-person and virtual lessons to provide high-quality education experiences for all. I'm proud of our parents who adjusted to the constant changes and supported their children during this trying year. I'm proud of the leadership from our central office and school board. MHS has had a very successful year thanks to everyone doing their part to follow protocols and to keep our students and staff safe.

Looking ahead to spring break, I encourage you to continue following our COVID protocols even if the places you visit are not mandating them. Wear a mask; watch your distance; wash your hands. After fall and Christmas breaks, we experienced an uptick in positive cases. We ask you to be extra-vigilant on spring break so we do not see another increase in cases that could hinder our ability to have in-person spring traditions in April and May. Thanks in advance for your cooperation. Make it a GREAT spring!

Perks of Dual Credits

Dual Credit classes are a great way to get a head start on your college career.

You're likely to be more prepared for your first year of college and adjust more easily to the rigors of college after having taken dual credit courses in high school.

They are often transferable to other colleges/universities other than the one from where you earned those credits.

MHS is now offering two new dual credit classes this upcoming school year:

- Principles of Agriculture, a course that will cover the diversity of the agricultural industry and agribusiness concepts.
- Natural Resources, a course that provides students with a background in environmental science and conservation.

Dual credit classes offered by MHS include:

- | | |
|-----------------------------|------------------------------|
| - Adv English | - Statistics |
| - Advanced Life Science | - Radio and Television |
| - Principles of Agriculture | - Solar System Astronomy |
| - Finite Math | - American Studies |
| - Adv Government | - Stellar Astronomy |
| - Interactive Media | - Calculus II |
| - College Algebra | - Quantitative Reasoning |
| - Civil Engineering | - Engineering Design |
| - Principles of Engineering | - Construction Trades I & II |
| - Agribusiness Management | - Animal Science |
| - Plant & Soil Science | - Principles of Agriculture |

Champions Together

The Champions Together program has grown so much over the years. We have gotten so much more participation and recognition in the community. Getting the word out about inclusion and lifelong friendships helps our program every year.

“My proudest moment was seeing how happy everyone (the team) was when we won the Unified Flag Football State Championship. It was a day I’ll never forget, they were so very proud of themselves,” said Tina Taylor, one of our unified coaches..

“My greatest accomplishment would be to have a community/school that does not see the disabilities. That everyone accepts everyone for who they are no matter what,” Taylor concluded.

MHS Positives

- Congratulations to the MHS wrestlers who qualified for the wrestling regional: Griffin Sanders, Isaiah Pugh, Michael Stoddard, Luke Bullock*, and Dakota Sanders* (* = semistate qualifiers)
- Congrats to Ariel Theriac, Eryn Hetser, Mikaylah Alexander, and Cora Winegarden who set the school record in the 400 Free Relay.
- Congrats to Devon Theriac, Keegan Jones, Trey Addair, and Evan Wilson who also set the school record in the 400 Free Relay.

Congratulations Mrs. Tori McCreary! MHS Teacher of the Year

Mrs. Tori McCreary has been named the MHS Helping Our Pupils Succeed (H.O.P.E.) Teacher of the Year. Mrs. McCreary is a valuable member of the MHS Staff, through teaching Agriscience, Sponsoring FFA, and working as a member of the school technology team.

Mrs. Tori McCreary has also been named 1 of 8 finalists in Indiana for the FFA Golden Owl Award! Congratulations!
