SUSTAINABLE LIVING

Constructed in 2005. Nestled on an expansive .70-acre lot, this property has been thoughtfully designed to offer comfort, style, and eco-friendly living. As you step into this spectacular cottage, the grandeur of high ceilings will immediately captivate your senses. The architecture is designed to enhance the sense of space, allowing natural light to cascade through the expansive windows. The centerpiece of the living area, a fireplace, stands ready to envelop you in a cozy embrace. The robust 2x6 construction of this cottage is a testament to its premium build quality. With excellent insulation beneath a durable Prolock metal roof that offers a long life span and stands steadfast against the elements, safeguarding the property for years to come. Water is pumped on-demand directly from the lake, offering a fresh and natural source for daily needs. The septic system is adequately equipped for 2 flush toilets.

EXPLORE ECHO ISLAND

Amidst Harrison Lake's tranquil waters lie the green waters and towering rock formations of Echo Island. This natural marvel is a sight to behold and offers visitors a chance to experience the raw beauty of British Columbia. Canoeing or kayaking around the island not only provides a sense of peace and solitude but also reveals the intricate details of the island's geological wonders. Photographers and nature lovers alike will find themselves enamored by the rich hues of green that blanket the landscape and the majestic rock structures that stand as testaments to the earth's artistic prowess.
