The Vancouver City Water Works

The following Regulations have been duly adopted by the Committee of the Vancouver City Water Works:

1. That all water rates or rents (except meter rates, which shall be payable monthly), shall become due and payable half-yearly, in advance, at the office of the Vancouver City Water Works, on the first days of the months of January and July in each and every year, save and except water rates for buildings and other special purposes which shall be payable in advance, when an agreement for the supply has been made at the Water Works Office.

2. That a discount of 20 per cent. shall be allowed on all rates paid previous to the day on which they shall become due and 60 days after, except rates for building and other special purposes, which shall be net rates, payable in advance.

3. No person or family supplied shall be permitted to use the water for any other purpose than that stated in this agreement, nor to supply water to any other person or family.

4. No alteration shall be made in any pipe or fixture without first giving notice at the office of the Vancouver City Water Works.

5. In all cases where water is supplied to several parties or tenants from one connection the Vancouver City Water Works contracts with only one of said several parties, and in his default to abide by these regulations and pay the rates will cut off the connection.

6. That all persons taking water shall keep their own service pipe and all fixtures connected therewith in good repair and well protected from frost at their own expense.

7. Consumers shall prevent all unnecessary waste of water, and shall make no concealment of the purposes for which it is to be used.

8. The Inspectors or other properly authorized officers of the Vancouver City Water Works shall be admitted at all reasonable hours to all parts of any premises supplied, to see that these regulations are properly observed.
