

Nature's Walk

creative SPACES. natural PLACES.

Along with the features you would typically find in a new townhome, here are some of the **truly special** elements of Nature's Walk.

TONS OF OUTDOOR SPACE

- A low density setting with more space between homes and larger setbacks from roadways. Translation: more land for every home
- Oversized decks, many of which span the entire width of your home
- Extra large fenced rear yards with lots of privacy, perfect for summer bbq's, children playing or a family pet
- Additional storage space for all your belongings and parking space for up to three cars
- Half of the homes are in an end location with extra windows

A CENTRAL LOCATION IN A NATURAL SETTING

- A quiet location on a tree lined street away from the buzz of traffic
- An easy walk to the neighbourhood services at Panorama Village - go for a workout, pick up some groceries, and meet friends for coffee, all without getting in your car
- A forest setting with over 25 species of retained site trees
- Many homes back onto a forested ravine
- Quick and convenient access to arterial roadways for commuting
- Across the street from a future elementary school and community park

OLD WORLD COLONIAL ARCHITECTURE

- Timeless English colonial rowhome architecture
- Rich red brick and clapboard exteriors
- Elegant window shutters
- Black metal and wood planter boxes for potted plants or fresh flowers

SPECIAL TOUCHES INSIDE

- Spa inspired master bathrooms with chrome wall sconce lighting, floating mirrors, and raised wash basins with Italian faucets
- Some master bathrooms have deep soaker tubs and oversized showers
- Rich millwork detailing including wood baseboards throughout, door casing, and wood wrapped windows on the main level
- Oversized windows up to 6 foot by 6 foot on the main living level
- Oversized entry tiles, and a tile backsplash in the kitchen

Please feel free to ask the Nature's Walk sales team for a complete list of finishing details and available options.
