

Migrating from your MSOE student email address to your MSOE alumni email address.

Sign up!

MSOE offers our alumni community lifetime email accounts. We invite you to showcase your MSOE affiliation by signing up for a new **@alumni.msOE.edu** email address.

Benefits of the new email addresses include:

- Showing your MSOE pride by adding “alumni” status to your email address
- Access to Google Docs, Google Calendar and more

Since you have graduated recently, please know that your current **@msOE.edu** email address will be turned off in a few months. You are not required to sign up for a new **@alumni.msOE.edu** address.

If you have a different email address, you’d prefer us to use, please let us know by updating your contact information [here](#).

Recommendation: If you choose to migrate your [@msOE.edu](#) address to [@alumni.msOE.edu](#), you might want to set up an automatic reply stating your new address.

If you need technical assistance in setting up your account, our IT helpdesk is ready to help! Please call 414-277-7288 for any email issues.
