

VEA DIV. 2 (Sun 1/8)

Coburg 59 & Uni 49

Half the team was suffering from the flu, but we didn't play like it. We played like all the team had it. Our only offensive drive came from the guards, with J.C. and Henry providing 2/3 of our total score, and whilst Doktor made a good contribution on the boards the forwards were generally down. A fairly pitiful effort really, all round.

J.C. 13, Henry 14

VEA DIV. 2 (Wed 4/8)

Geelong 64 & Uni 48

Against all the odds we skipped away to a 10-1 lead against a much taller, much stronger opposition. Then, going with all the odds, staggered along to trail 27-26 at half time. Our second half would have to have been 10% better to be classed as a shambles, and a very tired looking Uni team went down by 16, being outscored 14-2 in the first 5 minutes of the half. Les returned to form and played a fine game while the Captain also did quite well.

Les 14, SEG 12
