Welcome to the first edition of dribbling balls for 1992. We apologise for the delay, or maybe we should apologise for actually bringing out an issue. Read on and make up your own mind.

The first report comes from Swan Hill and the usual blood, sweat and tears associated with it (well mainly sweat). Lets go to the video...

THE MDS FACTOR'S SWAN HILL REPORT

Well the last tournament for '91 is over (well and truly - Ed) and as is the tradition with Swan Hill no Uni teams made the finals. Some blame the heat, some the coaches but I think it is because the opposition score more points than us. Anyway enough of this chit chat, let's so to the highlights
