This report reflects the state of the gemstone after transformation when it leaves EDLA's premises, this occurred on 03 Aug 2022. These images were taken for representative purposes only and they do not necessarily represent the stone's actual color or size. Only the report with valid original signatures, embossed stamp and security seal is a valid document for the described stone.

Unique in the gemstone industry, each Muzo emerald is accompanied with this complete gemstone report created when each emerald is processed and ready for the market. This document reports on the unbroken chain of custody for our emeralds after mining. Each emerald can be traced back to its date and location of its "birth". The Muzo mine origin of our emeralds can be verified if necessary, by oxygen isotope and chemical analysis.

EDLA (Esmeraldas de los Andes) a Muzo Company located in the Free Trade Zone, Bogota, is responsible for receiving our rough emeralds and transforming them into precious gems.

At the bottom of your emerald report there is one symbol indicating certifications granted by Bureau Veritas.

This prestigious recognition rewards us for our unyielding and permanent attention to quality control. Our processes are under continued review as we endeavor to refine and perfect our approach to cutting and polishing. Since 2018, we have achieved the Quality System Management ISO 9001 given every year, granted by Bureau Veritas with accreditation from UKAS (United Kingdom) with the following scope:

"Emeralds Transformation services including: Cutting, pre-forming, faceting, polishing, cleaning and enhancement of emeralds, logistics and export /Import from/to the Free Trade Zone in Bogotá."
