

One Minute Free Traffic Speed

Bonus Video Transcript

Alright with One Minute Free Traffic, you really are working with extreme speed. Now you're probably wondering why and how. These are very, very good questions. You're working at warp speed because you're going to be writing or typing up content, and most every single case where you're answering the questions that people have that they're looking for answers. You deliver. That's what you're doing and you're doing it really, really fast and you're also going to be using images to help show and otherwise explain and deliver value and help other people. You don't have to use images, but I do recommend it also in terms of your mindset, and this is super, super important as you are working through One Minute Traffic, I want you to have exactly this mindset. It's like writing a letter to a friend. I'm sure that you've written emails before. Maybe you've even sent notes to friends and family that you've written by hand, but it's about writing in a way that's not mechanical. It's not academic. You don't need to have a great education or a crazy degree or, or you know, this wonderful experience. Instead, it's very human and you're writing a letter to a friend. That's the mindset that's so essential when you're answering the questions so that you can get your One Minute Traffic. You'll see how in the next video.
