

Official Rules of Play

Revised 3/23/18

The GYBA Board of Directors has approved the rules for the Georgetown Youth Baseball Association (GYBA) league, as appropriate for play, as determined by The Vice-President of Baseball Operations, the 1st and 2nd Vice-Presidents, the Commissioners, and the Director of Umpires. The Vice President of Operations reserves the right to add or change rules during the year for the betterment of the program and/or safety of the players.

All GYBA games will be played under the Official Rules of Baseball (as published on MLB.com), USSSA, and with league specific modifications and exceptions detailed in these Official Rules of Play. In the event of any conflict in language between any past, present or future printed version of these rules and the GYBA online version as posted on league website, the GYBA online version shall have priority. Should any situations arise, or rulings be required that are not addressed in these rules, the decision of the GYBA Board of Directors shall serve as the official and appropriate ruling. All decisions by the Board of Directors, or the Board Member on Duty (BMOD), shall be final and may not be appealed.

The following rules will apply for all age divisions unless otherwise noted. In the event of a conflict between these rules and The Official Rules of Baseball or USSSA, then these rules shall govern.

Any reference to a particular gender contained within this document such as he, his, himself, etc., shall be meant to also include she, hers, herself and are to be interpreted as gender neutral.

The Official Rules of Play are organized as follows:

RULE 1.00 - Playing Field, Uniforms, & Equipment	Pages 2-3
RULE 2.00 - Game Preliminaries	Pages 3-5
RULE 3.00 - Starting & Ending A Game	Pages 5-6
RULE 4.00 - Batters & Base Runners	Pages 6-8
RULE 5.00 - The Pitcher	Pages 8-9
RULE 6.00 - Sportsmanship & Ejections	Pages 10-11
RULE 7.00 - Age Specific Rules	Pages 11-15

RULE 1.00 - Playing Field, Uniforms, & Equipment

1.01 Playing Field

1. The recommended distance for rubber-to-plate and base-to-base for each age division is listed in table 1.
 - a. The rubber-to-plate distance is measured from the rear of home plate to the front of the pitching rubber or coach's plate.
 - b. The base distance is measured from the rear of home plate to the front of the base.

Recommended playing field dimensions are approximate and set by the VP of Operations and the Facilities and Maintenance Manager, the measurements cannot be contested before the game, but inquiry can be made to insure the bases and the rubber are in the correct location on each field.

Age Group	Pitching Distance	Base Paths	Fields Available for Play
4U	40'	45-50'	All Fields w/throw down bases as necessary
6U	40'	55'	Fields #2 and #3
8U	40'	60'	Fields #1, #2, #3 and #4
10U	46'	65'	Fields #1, #4 and #5
12U	50'	70'	Fields #5, #6 and #7
14U	54'	80'	Field #5

1.02 Uniforms

Official GYBA uniforms (jersey and cap) are included with registration and will be the official uniform for GYBA teams. No other uniforms will be worn without prior approval from the Board of Directors. Non-conforming teams requested to comply will be considered in non-compliance of the GYBA uniform policy, and will forfeit any game which there is failure to comply. All players shall be fully uniformed, which includes baseball pants, baseball cap, athletic shoes and team jerseys with numbers that are non-duplicating. In all age divisions, non-metal spikes are the only type of cleats allowed. For the 14U-18U age division, traditional metal baseball spikes may not be worn for play at GYBA. Teams may be allowed to wear them at other parks, so consult park rules prior to play.

Metal cleats are not allowed in GYBA play.

Note - Issues involving a player's uniform legality during the game will be resolved at the discretion of the umpire, BMOD, and/or League Officials. If it is determined that a player's uniform is unacceptable then the player will be allowed to immediately conform or be removed from the game. If a player is removed from the game for a uniform violation he will not be allowed to return and no out will be recorded unless the team drops below the minimum required by these rules.

1.03 Protective Equipment

All offensive players must wear a double ear flapped helmet while on the playing field, outside of the dugouts. This includes bat boys and bat girls while performing their duties. Youth coaches under 18 years of age must adhere to this standard.

The catcher must wear a head protector, a body protector, a protective cup, shin guards, and a mask with a throat protector. The throat protector, which is part of or attached to the mask, must adequately protect them. The helmet must have full ear protection. The head, face, dual ear flaps, and throat protector can be one piece. Beginning in 8U, all players must wear protective cups.

Note - In 4U a catcher's position is optional, but the player must have a helmet and chest protector if utilized. In 6U a catcher's position must be filled, and a helmet and chest protector must be used. Shin guards and a protective cup are optional, but recommended in 4U and 6U.

1.04 Baseballs

Each team will supply two (2) baseballs in good condition for each game. Regulation leather covered baseballs will be used for all divisions, except 4U. A soft-strike or similar Riff baseball will be used for the 4U age group, and based on the judgement of the 6U Commissioner, they may be used in the Fall and American League Spring Seasons.

1.05 Bat Rules

The official bat shall be round in cross section for its entire length, straight from end to end for its entire length and smooth surfaced in the hitting area. Softball bats or bats altered after manufacture to reduce or add weight will not be allowed.

1. The bat may be constructed of wood, aluminum or any other material or combination of materials but cannot exceed 1.15BPF (Bat Performance Factor) as defined for baseball bats by ASTM standards or BBCOR bat.
2. Any material to improve the grip may be used for a distance not to exceed eighteen (18) inches from the handle end.
3. All bats must be commercially manufactured for baseball play and maximum length shall not exceed thirty-six inches (36").
4. Unique bats sold on the market, similar to the Axe Bat, are allowed as long as they bear the manufacturer's safety markings from USA Baseball, USSSA, BBCOR or similar related safety program markings, and meet ASTM or similar Bat Performance Standards.

League Specific Rules:

3U to 6U - All bats larger than two and one-quarter inches (2 ¼") must be equal to or heavier than minus ten (-10) and no larger than a 2 5/8" barrel.

- a. Example for a 2 5/8" bat: a -10, -9, -8, -7, -6 or -5 are acceptable length to weight ratio's whereas -11, -12 and -13 are not acceptable.

7U to 8U - No bats exceeding a 2 5/8" barrel will be allowed.

- a. Example for a 2 5/8" bat: a -12, -11, -10, -9, -8, -7, -6 or -5 are acceptable length to weight ratio's.

9U to 14U - No bats exceeding a 2 3/4" barrel will be allowed. Bats must comply with USSSA bat rules and bear the USSSA 1.15 BPF Mark, or BBCOR.50 Certified Mark or made of wood and manufactured by a licensed USSSA manufacturer.

Note - 2 ¼" bats are allowed in all age divisions and encouraged for use in the 3U through 8U age groups.

Penalty for using an illegal or altered bat:

1. Prior to the game beginning: the bat will be removed from the playing field by the umpire and/or the manager of the team.
2. During an at-bat: the batter will be declared "out". See Note #2.
3. After a play is completed:
 - a. If the play results in a batter/runner safely reaching a base, the batter/runner will be declared "out", all other runners must return to the last base legally occupied at the time of pitch and no run may score on the play.
 - b. Any out(s) that result from the play will stand and the batter/runner will also be declared 'out' on the play. In addition, all other runners must return to the last base legally occupied at the time of pitch and no run may score on the play.

Note 1 - In each case the manager will be warned on the first offense that a second violation will result any applicable penalties outlined above plus the manager will be ejected and prohibited from managing for the remainder of the game. Like any other ejection, the occurrence will be reviewed by the Board. The Board will determine if a second game suspension will be applied.

Note 2 - A batter is deemed to have used or attempted to use an illegal bat if the player brings such a bat into the batter's box.

RULE 2.00 - Game Preliminaries

2.01 Rosters

Team rosters are limited to the numbers of players assigned by the Commissioners of each League as determined by the Vice Presidents of each League. All players must be registered in the appropriate age division, or comply with GYBA "playing-up rules" as determined by the Vice President of each League. Any manager found to be using illegal players will be suspended for a minimum of 2 games and subject to ejection from the League.

2.02 Managers and Asst. Coaches

Each team will be limited to one manager and 3 coaches (including team parents). Only league approved managers, coaches, and players are permitted in the dugout or on the field. If a team is missing a coach(s), then an approved coach from another GYBA team may help with team duties on a temporary basis. All managers and coaches must pass back ground checks prior to the first practice. Only approved managers and coaches are allowed to conduct practices and participate in game duties.

2.03 Minimum Number of Players

A team must have eight (8) players to start/continue/finish a game. If a team has only eight (8) players, play will continue and an out will be assessed in the ninth (9th) position of the batting order.

Teams may pick up GYBA players from the same Age Division or lower for regular season games only. (Ex.: An 8U American League team may pick up another 8U American League player or lower age division but may not pick up a player from 8U National). The manager of the team should make the opposing manager aware of the substitution at the plate meeting prior to the game. A team may not use pickup players during tournament play without express consent from the League Commissioner and V.P of Operations.

The purpose of this rule is to insure all defensive positions are filled, or can be filled, to provide the most competitive game in accordance with the League format.

Note 1 – This does not apply to the 4U League.

2.04 Line-up and Substitutions

Each team will bat the entire roster. A late arriving player will be inserted at the bottom of the lineup.

1. A team must have eight (8) players present to start a game. If eight (8) players are not present, the coach will have ten (10) minutes from the officially scheduled start time to field the players or forfeit the game. Additional game time will not be added for play.
2. Teams having eight (8) players to start a game are automatically the visiting team.
3. If a team's ninth (9th) player (or any other player) is expected to arrive late to the game, the manager of the team must make an announcement at the pre-game conference and advise both the plate-umpire and the opposing team that a player will be arriving late.
4. When the player arrives, the player is announced to both the plate umpire and the opposing team. The late arriving player is placed in the bottom or last position in the line-up. The game resumes as if he or she was there at the start of the game. Until the player arrives, an out is recorded if there are less than nine (9) players.
 - a. If a player is removed from the game for illness or injury, the player's position in the lineup will be skipped without an out unless the team falls below nine (9) players.
 - b. A player that has left the field (game) for any reason and misses his 'at bat' cannot return to the game. The position in the lineup will be skipped and no out taken unless the team falls below nine (9) players.

Exception – Any player who is visibly bleeding must leave the field of play to stop the bleeding. When the bleeding has stopped and the injury is bandaged (if necessary), the player may return with no penalty for missed at bats.

2.05 Forfeits

An official game cannot continue with less than eight (8) players. A team has ten (10) minutes past the posted scheduled game time to gather the required number of players to start a game.

The umpire will contact one of the Board Members on Duty (BMOD) and the BMOD will call the game a forfeit and/or communicate with the League Commissioner regarding the possibility of rescheduling the game at a later date.

2.06 Pace of Play

In order to maintain the pace of play and keep games on schedule, teams will be allowed a maximum of 180 seconds (3 minutes) between half-innings. The clock starts with the last out of an inning and stops when the umpire calls play ball. Each manager is responsible for having his team ready to begin the next half-inning within this allotted time. This rule will not apply to the 4U League.

PENALTY – In the 6U and 8U Leagues the Manager may be given two separate verbal warnings by the umpire. Upon the third occurrence, the Manager shall be removed from the game. Removal from the game under this penalty will not require the Manager to miss additional games as required under the GYBA ejection rules. For the 10U and 12U Leagues, a ball shall be called on the defense, or a strike on the offense, for each violation of this rule. Enforcement of this rule is at the umpire's discretion and is placed here as a tool keep the game moving and insure the game is settled on the field, not by a Manager trying to run out the clock.

2.07 Delay of Game

Managers, coaches, or players will not intentionally delay the game at any time by repeatedly asking the umpire for time, or making multiple substitutions in order to "run out the clock." If in the umpire's judgment, a manager, coach, or player is intentionally delaying the game then the umpire, at his discretion, will either stop the official game clock and/or add an appropriate amount of time to the official time remaining. The games are to be decided by play on the field and not by gamesmanship of the time limits in order to "run out the clock."

Note - Managers will not be allowed to contest a delay of game call.

RULE 3.00 - Starting & Ending a Game

3.01 Regulation Game

A regulation game consists of six (6) innings for age divisions 6U-12U and seven (7) innings for 14U-18U, unless the game is:

1. Extended because the score is tied as determined by GYBA rule 3.02 (Tie Breakers)
2. Shortened because the home team needs none of its half of the last inning or only a fraction of it to win; or
3. Shortened because an imposed time limit expires (GYBA rule 3.03); or
4. Shortened because any part of GYBA rule 3.05 (Mercy Rule) has been met; or
5. Shortened because any applicable part of GYBA rule 3.06 (suspended games) has been met.

3.02 Tie Breaker

The Texas Tie Breaker rule, when required, will be used to determine a game winner. The inning begins with the bases loaded and one out. The last three (3) official batters from the previous inning will occupy the bases: last batter at first base, next to last batter at second base, third to last batter at third base. Each team has an opportunity to bat. The game ends when one team is ahead at the end of an inning. No courtesy runners allowed. This rule will be applied as follows:

1. Regular season games: Regular season games may end in a tie. If all innings are complete and there is 10 minutes left on the clock the Texas Tie Breaker will be played for 1 inning only. Does not apply for the Fall Season.
2. Tournament pool play (seeding) games: Pool play games may end in a tie. If all innings are complete and there is 10 minutes left on the clock the Texas Tie Breaker will be played for 1 inning only.
3. Championship, Round Robin tournament games, and tournament bracket games: Texas Tie Breaker will be played until a winner is determined.

3.03 Time Limitations

The following time limits will apply for all GYBA games, including tournament pool play/seeding games. Unless run rule limits apply (GYBA rule 3.04) bracket play games will be played until time expires or all innings are completed. Once time has expired, if the visiting team is ahead more than the maximum number of runs allowed in an inning or the home team is winning, then the game will be called and the score recorded as it stands at that time. The game will not be called until time has expired unless the mercy rule applies after a complete inning, are as stated below:

1. 4U Division. Time limit is 45 minutes. No new inning after 45 minutes.
2. 6U Division. Time limit is 1 hour. No new inning after 55 minutes.
3. 8U Division. Time limit is 1 hour and 15 minutes. No new inning after 1 hour and 10 minutes.
4. 10U Division. Time limit is 1 hour and 30 minutes. No new inning after 1 hour and 20 minutes.
5. 12U Division. Time limit is 1 hour and 30 minutes. No new inning after 1 hour and 20 minutes.
6. 14U Division. Time limit is 1 hour and 45 minutes. No new inning after 1 hour and 30 minutes.

3.04 Scorecards

For all games, umpires will have scorecards to record scores, pitch counts and make other notes on the game. Scorecards are final once signed by the managers after the game and if not signed it is assumed that the manager agrees with the umpire's card. Any discrepancies must be addressed before teams leave the field of play. Pitch counts will be tracked by the Visiting team, and the Home team will be responsible for the scorebook and scoreboard operations. Pitch counts will be turned into to the umpire at the end of the game for reporting on the score cards. The pitch count recorder must provide the current pitch count for any pitcher when requested by either manager or any umpire. However, the manager is responsible for knowing when his pitcher must be removed.

3.05 Run Limitations & Mercy Rule

The following limitations will apply to all GYBA games. The imposed Mercy (run) Rule shall be used to complete a regulation game when one team's margin of lead is greater than or equal to the listed run differential.

League	Time Limits	Fall Run Limits	Spring Run Limits	Mercy Rule
4U	45 Minutes	N/A, Line-up bats	N/A, Line-up bats	N/A
6U	60 Minutes	5 per inning	5 per inning	15 after 3, 10 after 4, and 8 after 5
8U	75 Minutes	5 per inning	5 per inning/AL, 8 per inning/NL	15 after 3, 10 after 4, and 8 after 5
10U	90 Minutes	5 per inning	5 per inning/DII, 8 per inning/DI	15 after 3, 10 after 4, and 8 after 5
12U	90 Minutes	5 per inning	8 per inning	15 after 3, 10 after 4, and 8 after 5
14U	105 Minutes	10 per inning	Unlimited	15 after 3, 10 after 4, and 8 after 5

Note - For regular season games, the run-ruled game may continue until the allotted time is complete and/or all batters have batted once through the line-up, without an umpire and by agreement of both managers. For tournament play, run-ruled games may not continue for any reason.

3.06 Suspended Games

If a game is called due to weather or other conditions, it will be ruled an official game provided:

1. Two and one-half (2 ½) innings have been completed and the home team is ahead or three (3) innings if the home team is behind for a six (6) inning game.
2. Three and one-half (3 ½) innings have been completed and the home team is ahead or four (4) innings if the home team is behind for a seven (7) inning game.
3. All games stopped by a league official for weather or other necessary safety reasons before a game officially begins are declared suspended games. Suspended games, if rescheduled, will resume at the exact point where the game left off. The umpire will verify all game details with the scorebook so the game can be resumed at its exact point.

Note - Suspended games may not be rescheduled due to various reasons. All decisions to reschedule are at the discretion of the V.P. of Operations.

3.07 Protests and Clarification of Rules During the Games

There are no formal protests allowed, any protested rules/decisions must be addressed on the field before play continues. There will be no protest of any judgment calls, only protests of pitching violations or rule interpretations (be aware that most calls are judgement calls). In the event of an in-game protest the head coach, and only the head coach, will follow these steps:

1. Will ask for time and notify the plate umpire before the next pitch is thrown of their protest
2. Provide a copy of the rule being protested. If the plate umpire is unable to resolve the issue he will request the assistance of the designated on-site GYBA Board Member on Duty (BMOD) and that BMOD will make the final decision.

All protests will be resolved on the field between only the head coaches, umpires, and BMOD. No protests can be made after the next pitch has been completed. Please note the game clock will not stop during the "protest" discussions and time will not be added to the game clock, regardless of the amount of time it takes to locate the BMOD. In the event a BMOD cannot be located within five minutes, the umpire's call will stand and the game will proceed. A coach who "loses" a protest or protests judgement calls may be subject to the Zero Tolerance Policy and a possible suspension for one game after review of the situation by the Commissioner and VP of its respective league. The goal of this rule is to try and resolve any issues on field as soon as possible without incident and keep the kids playing baseball.

RULE 4.00 - Batters and Base Runners

4.01 The Batter

The batter shall take his position in the batter's box promptly when it is his time at bat. Batters will not intentionally delay the game at any time.

PENALTY - After a warning, a strike will be called each time the rule is violated. This is a judgment call by the umpire and may not be argued by the manager.

4.02 Throwing the Bat

On the first occurrence for age divisions 8u and below, throwing the bat will result in 1 warning per player and manager. A second occurrence for age divisions 8u and below will require the player to be benched for the remainder of their at bat and their place in the order skipped. In the case where the batter puts the ball in play, the player will be benched and a substitute runner utilized upon completion of the play. For the 10u - 12u age divisions, throwing the bat will result in 1 warning per team. The second occurrence in all age divisions will result in the batter being called out. The ball will be considered dead and no runners may advance. A third occurrence will result in ejection from the game. Ejection for throwing the bat will not require the player to be suspended from the following game as per GYBA rules for ejections. A second ejection at any time during the season, for this violation, will require the additional one game suspension. Identification of the offending player should be made in the official scorebook.

4.03 Bunting

If a batter squares to bunt, then he must either bunt or take the pitch. Slashing is not allowed. Slashing is defined as a batter attempting to deceive the defense by squaring to bunt as the pitcher is delivering the ball and then swinging at the pitch (with or without runners on base). This is considered a safety issue. PENALTY - If the umpire calls slashing, the batter will be declared out, the runners shall not advance. On the second offense, at the umpire's discretion, the third-base coach may also be ejected.

4.04 Squeeze Plays

A squeeze play is defined as a batter attempting to bunt the ball in order to provide the runner on third base an opportunity to score. This play is a legal, but will be restricted in GYBA games as follows:

1. "Safety squeeze play" is a legal play where there is a runner on third base who starts to advance home as the pitcher delivers the ball (this includes starting to advance home during the windup) but pauses his advancement toward home plate as the batter squares to bunt and waits until the ball is in play before continuing to advance toward home.
2. "Suicide squeeze play" is an illegal play where the runner on third base continues toward home, without stopping, while at the same time the batter attempts to put the ball in play. In order to protect the safety of the fielders, the runner, and the batter, "Suicide squeeze" plays as defined herein are NOT ALLOWED.

PENALTY - The runner will be declared out, other runners shall not advance. On the second offense, at the umpire's discretion, the manager will be ejected.

4.05 Malicious Contact and Contact Avoidance

A player, defensive or offense, initiating malicious contact will be ejected. It is the umpire's judgment that determines whether the contact is malicious.

PENALTY - An offensive player initiating malicious contact is declared out and ejected from the game.

Note - There can be a collision where both players go head over heels that is not malicious contact. The key for malicious contact is **intent**. "Did the runner deliberately or intentionally run into the fielder to break up the play or cause harm to the fielder?" If the answer is yes, then you have malicious contact. If the answer is "no" then it is a clean play. Umpires must be careful when making this call to avoid ejecting players if the intent is not there. Keep in mind that the younger ages are just learning the game, and sometimes there is contact by the runner not sliding and running into the catcher. Remember, the key word is **intent**.

4.06 Sliding

Base runners are not required to slide. If a runner does slide, the slide must be legal and directly into the bag. A runner is allowed to slide in a direction away from the fielder to avoid making contact or altering the play of the fielder, but should seek to avoid malicious contact. Head first slides are prohibited, but diving back to the bag is allowed.

PENALTY - If a base runner slides head first, he will be called out. **(This penalty is not applicable for 10/12U)**

Note - It is possible, especially at the younger age divisions that the players may stumble causing them to fall forward to the plate or base. This is a judgment call by the umpire and managers cannot argue the call.

4.07 Courtesy and Pinch Runners

When there are two outs in the inning a courtesy runner can be used for the catcher of record. *(Note – this is highly encouraged to help speed-up the game).* The courtesy runner will be the last recorded out. Until an out is recorded against the offense in the game, a courtesy runner may not be used however.

Note - In cases where a courtesy runner may be used in the 1st inning, the manager is declaring the catcher of record for the bottom of the 1st inning. Also, due to rotation requirements, it is possible the catcher of record going into the next inning may not have played the position yet. This cannot be contested by the opposing manager. The rule is in place to allow the game to be played as quickly as possible to allow the players as many at bats as possible and avoid pace of play issues.

A pinch runner is allowed anytime for a player injured while on base. The pinch runner shall be the player making the last recorded out. In the case there have been no outs recorded, then the pinch runner shall be the last batter available in the order.

RULE 5.00 - The Pitchers and Pitching

5.01 Pitching Limitations

Pitchers in all pitching divisions shall adhere to the following pitching rules and limitations. Coaches exceeding pitching limits or failure to abide by the days rest chart will result in a forfeit and possible suspension.

Maximum # of Pitches Per Game/Tournament Chart

Age Group	Pitching Distance	Maximum Pitches Per Game*	Maximum Outs Per Game*	Maximum Tournament Outs Per Weekend*	Maximum Tournament Outs Per Day*
4U-8U	40'	N/A	N/A	N/A	N/A
10U	46'	55 pitches	9 outs	21 outs	18 outs
12U	50'	75 pitches	12 outs	24 outs	18 outs
14U	54'	95 pitches	15 outs	27 outs	18 outs

***Exception to Pulling Pitcher When Maximum Pitches Reached** - If a pitcher reaches the limit imposed in the above chart while facing a batter, the pitcher may continue to pitch until any one of the following conditions occurs: 1. That batter reaches base; 2. That batter is put out; 3. The third out is made to complete the half-inning. The pitcher need not be removed in the middle of an at bat due to reaching the Maximum Pitches Per Game. This Exception has no bearing on pitch counts. The number of pitches pitched is what is reported on the scorecard and the player is subject to the Days Rest Chart below based on the number of pitches thrown.

Note - Throwing 1 pitch in an inning will count as a minimum of 1 out towards these limitations. There is no penalty if the pitcher exceeds the out limits if a double or triple play occurs when the maximum number of outs is reached.

of Days Rest Chart

Non-Tournament Maximum # of Pitches Allowed Per Day in 9U through 14U	Non-Tournament Required # of Calendar Rest Days Based on Pitches Thrown	Tournament Outs Per Day in 9U through 14U	Tournament Required # of Calendar Rest Days Based on Outs Thrown

66-85	4		
51-65	3		
36-50	2	19-24+	2
21-35	1	10-18	1
1-20	None	0-9	None

of Days Rest Chart – The above chart was developed using information provided by MLB Pitch Smart, American Sports Medicine Institute, and USSSA Baseball Tournament Guidelines. With the rise in elbow and shoulder injuries in adolescent baseball pitchers, we need to take steps to prevent these injuries. Research points to overuse as the principle risk factor. Poor pitching mechanics and poor physical fitness also contribute to injury risk.

5.02 Pitch Count Reporting

Pitch counts will be reported in accordance with **Section 3.04 Scorecards**, which states “Scorecards are final once signed by the managers after the game and if not signed it is assumed that the manager agrees with the umpire’s card. Any discrepancies must be addressed before teams leave the field of play. Pitch counts will be tracked by the Visiting team, and the Home team will be responsible for the scorebook and scoreboard operations. Pitch counts will be turned into to the umpire at the end of the game for reporting on the score cards. The pitch count recorder must provide the current pitch count for any pitcher when requested by either manager or any umpire. However, the manager is responsible for knowing when his pitcher must be removed.”

6.03 Warm-up Pitches

Beginning each half inning, pitchers will throw no more than five (5) pitches to the catcher. A relief pitcher is allowed eight (8) pitches. In case of an injury or an ejection, the umpire-in-chief shall allow the relief pitcher an adequate time to warm- up.

5.04 Intentional Walks

An intentional walk can be granted at any time in the count by request from the manager. This applies to 9U through 14U with the four pitches needing not be thrown. Only one intentional walk per player will be allowed per game.

5.05 Pitchers Who Play Catcher and Other Issues

It is recommended that the catcher not pitch if they have played the catching position more than two innings of the game, prior to entering the position of pitcher. A pitcher removed from the pitching position, who pitches more than 20 pitches, may play any position but catcher, and is not required to leave the game. Pitchers may not re-enter the game as a pitcher once they are removed as a pitcher. If two pitchers are used in an inning each pitcher will be credited with a minimum of 1 out or any outs that are recorded while they are pitching. If more than two pitchers are used in an inning each pitcher will be credited with a minimum of 1 out or any outs that are recorded while they are pitching.

Note - Regardless of limits established at GYBA, coaches are cautioned to carefully monitor the number of pitches thrown by any player during the course of a game. A young player’s arms and muscles are still growing and developing. Coaches should consult with their age division’s Commissioner for guidance. In addition, coaches are cautioned about using a catcher as a pitcher in the same game for the same reasons outlined above.

RULE 6.00 - Sportsmanship and Ejections

6.01 Zero Tolerance Policy

Players

1. Openly disputes or argues any decision by an official.
2. Uses obscene or vulgar language and/or gestures at any time, including any swearing, even if it is not directed at a particular person.
