Help us grow our football community for the kids!

Over 300 football players ages 6-14 play Redlands Junior All-American Football and an additional 100 cheerleaders participate in the cheerleading program located at Redlands Community Field every year. JAAF is a great program, ran solely by volunteers. Our goal is to help kids learn about respect, rules, responsibilities, integrity, friendship, and much- much more. In order for the league to continue to provide this valuable learning tool for our youth we need a little help.

With your support we can do more to really make a difference. Your support is needed in helping us continue to build our football community for the kids! Please help the kids by becoming one of the following league sponsors. Check us out on the web at RJAAF.ORG or join our Facebook page!
