I once heard someone describe Bellaire Baseball as the Notre Dame of Baseball programs. And as I have observed over the years, as I rooted for the Red, I have come to believe that we are even more than that. You see, our program is about so much more than just what happens on the diamond. It's about taking young men who still struggle to not trip over their shoelaces and turn them into contributing members of their family, of their school, and of their community. And as the Principal of Bellaire, I am thrilled to be associated with such proud work. Bellaire High School is the best comprehensive high school because we have a strong academic program with clear channels of communication and multiple outlets for individual interests. Our 3700 students come from across the city to be a part of a learning community that works together, celebrates together, cheers, cries and laughs together. Our diversity strengthens our resolve each day to do our very best for every student. I couldn't be more proud to put my Cardinal hat back on and cheer on the red and white. I look forward to meeting you as I cheer on the boys this spring – hopefully all the way to Austin.

*Thanks,  
Michael McDonough, Principal*

# HEAD COACH NICK OZUNA III

As Coach Nick Ozuna enters his inaugural season as Head Baseball Coach of the Cardinals, he is no stranger to Bellaire High School or the rich tradition of the Bellaire Baseball Program. Coach Ozuna takes over after being an Assistant on staff for the past 12 years. In addition to working for Bellaire High School for more than a decade, he is a 1994 Bellaire graduate and was the starting shortstop for Bellaire's 1994 5A state championship team. Ozuna was inducted into the Bellaire Baseball Hall of Fame in 2000 for his accomplishments as a player under legendary Coach Rocky Manuel.

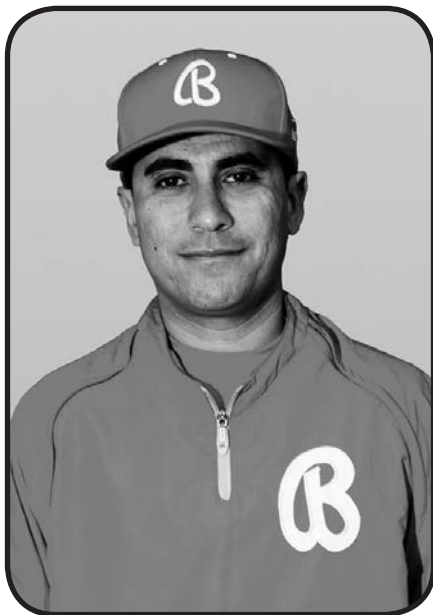

Prior to the 2016 season, Coach Ozuna was named Associate Head Coach of the Bellaire Cardinals. "I can't say enough about what I learned as a player and assistant coach from Coach Manuel about this

great game we teach to our players but more important than that, besides my Dad no other person has taught me more about how to be a man. I hope to have the same impact on my players as I move into my new role as Head Coach."

In 12 years as an Assistant, Coach Ozuna has served in many different roles. From 2005-2007 his primary responsibility was coaching the infielders, while also coaching 1st base. In his 1st 4 years his impact on the program was taking shape as 26 players went on to play collegiate baseball. In 2007, the Cardinals won 31 games in a row, the 2nd longest winning streak in school history. That June, Senior SS Matt West was selected in the 2nd round of the MLB amateur draft by the Texas Rangers. West went on to make his Major league debut with the Texas Rangers in 2014.

One year later in 2008, Coach Ozuna was called upon to change roles and became the teams Pitching Coach. That year the Cardinals pitching staff posted an anemic ERA of 1.00 that led all of greater Houston as they marched into the state playoffs, which ended in Round Rock in the State Championship Semi-Finals game. Coach Ozuna served as Pitching Coach from 2008-2011, producing 8 college pitchers, with 2 of those pitchers still pitching professionally. Tyler Duffey made his major league debut with the Minnesota Twins in 2015 and Toller Boardman was drafted in 2015 by the Detroit Tigers and is currently pitching for their Class A affiliate. Coach Ozuna has coached 8 other Bellaire players that have made it to the professional ranks and over 60 players he has coached have gone on to play in College.

From 2012-2015 Coach Ozuna's role expanded even more as he went back to coaching infielders. He assisted Coach Tedder with the hitters, worked with base runners and bunters, coached 1st base, was in charge of defensive posi-

tioning during games, and was the lead scout of opponents. Reflecting on the last five years Coach Ozuna shared, “My role as a Coach really amped up. I credit Coach Manuel for putting me in those different positions and giving me more responsibility. It was really good for my development as a Coach.”

Coach Ozuna grew up in southwest Houston with his Mom, Dad, and 2 brothers

who both played for the Cardinals as well. His brother Matt, a 1997 graduate was on the Bellaire team that recorded the greatest comeback ever in a Texas high school baseball playoff game, down 11-0 with 2 outs in the bottom of the 7th, the Cards struck for 12 runs to win the game, and eventually went on to win the 2 out of 3 series. He is currently Vice President of Financial Counseling at Ayco, a division of Goldman Sachs Private Wealth Management. His Mom was a teacher in Spring Branch ISD, Houston ISD, and finished her 35 year career in Education in Alief ISD where she spent 29 years at the same school before retiring in 2015.

Coach Ozuna’s Dad, Nick Jr. was an Engineer by trade, but also worked in the oil services industry, and spent his last 15 years working as a Senior Project Manager for a private home builder before retiring in 2015 as well. He coached off season Bellaire baseball in the late 90’s where he worked with the eventual 1999 National Championship team. He has also been active within the Kyle Chapman Pony league since 1989, winning a World Series Title in 2009. “I guess it’s safe to say I come from a baseball family. I learned so much from my Dad about the game growing up.” In addition to his father, Coach Ozuna credits his Kyle Chapman coaches Mike Winner, (late) Ted Harris, and Steve Ricks for helping in his development and love for the game. Also, in addition to his high school coach Rocky Manuel, his off-season coaches at Bellaire, Jerry Davanon, Dick Burris, and Butch Ghutzman were instrumental in taking his game to the next level.

In 1994 Coach Ozuna achieved what every high school baseball player that competes dreams of as his Bellaire Cardinal team went 36-3-1 and captured the 6th State Championship for Bellaire High School. “That was a surreal experience, we almost didn’t get out of the 1st round and then it all came together over the next 5 weeks. Everyone playing not just for yourself and your own family but for the guy next to you and their family, and the guy next to him, and so on. That’s what I know that can happen here if these guys just believe in themselves and believe in one another, I’m big on that, supporting each other through thick and thin.”

After graduating from Bellaire in 1994 Coach Ozuna earned a scholarship to play Division I baseball and continue his education at Sam Houston State

University. In 1996, his team won the Southland Conference Tournament Championship which earned them a berth to the Regional Tournament, hosted by the University of Texas at Disch Faulk field. The Bearkats shocked the #1 team in the country by beating the Miami Hurricanes and eventually lost to the University of Texas and UCLA to end their great run. In 1998, Coach Ozuna transferred to Houston Baptist University, where he played for 1 year and finished up his double major degree in Business Administration and Business Management.

From 2000-2003 he worked as a NASD Registered Representative and was a licensed Series 7, 63, 55, and 4 broker. He traded an account for ProTrader Partner, Michael Zatorski, who Coach Ozuna also credits for helping him get his start in business and giving him a chance, before making a career change into Education and Coaching. When asked about the transition from businessman to educator, Coach Ozuna said, "It sounds cliché but we are in the people business and in the business of helping kids. This is an investment these kids and parents are making to be a part of Bellaire Baseball. I'm talking about in terms of time and commitment and understanding it's a process. Not everyone is able to play baseball in college or play professionally, but everyone can leave Bellaire High School, college bound and have a profession if they work hard enough."

Bellaire's rich academic heritage is the foundation. "Excellence in Academics and Athletics" is the motto of Bellaire Baseball. In addition to athletic development, Coach Ozuna wants to promote a culture of personal development by instilling values such as teamwork, work ethic, competitiveness, and perseverance. All players are expected to exhibit excellence, by being "Great in the Classroom", "Great on the Field", and "Great in the Community."

In 2004, Coach Ozuna was hired by Westbury High School where he went through an ACT (Alternative Certification for Teachers) program to earn his

K-12 Teacher Certification, and he assisted the Varsity Baseball team to double digit wins for the 1st time in nearly a decade. The rest is history; that fall, in 2004 he was hired by former Bellaire Principal Tim Salem, CTE Department Chair Elizabeth Kelm, and Head Coach Rocky Manuel. He credits all 3 for making it happen and helping him in the classroom as a Career and Technology Education teacher and on the field as a baseball coach.

Coach Ozuna married his high school sweetheart, the former Melissa Workman in 2005 and in 2006, they welcomed twin boys Vincent and Dominic and in 2008, their daughter Nina was born.. All three kids are involved in sports, with the boys playing baseball for Bellaire Little League and their daughter playing softball for WUSA. What Coach Ozuna and his wife Melissa are most proud of though is their academic achievement and great education they are getting at Lovett Elementary.

Cardinal Baseball’s legacy has had three big chapters. The one Coach Howard Allen started by winning the 1st state championship in 1960. The one Coach Ray Knoblauch started 2 years later by winning 4 state championships in 1962, 1971, 1978, and 1986. And the one Rocky Manuel left by taking it all in 1994 and 1999 and having some great runs thereafter. Coach Ozuna, leaves us with this message, “The hardest thing to do in amateur or professional sports is to repeat as champion or replace a legend or legacy of coaches, but Bellaire High School and our Community is ready for the next legacy to begin, I embrace that and look forward to the challenge.”

*Welcome, Head Coach Nick Ozuna!*

## Discovery Center's Annual Pumpkin Patch Community Project

On Friday, October 7, 2017, Bellaire Baseball Freshman and Sophomore players gave back to the community by volunteering to assist with the Nature Discovery Center, annual Bellaire Pumpkin Patch Project. Team work and organization proved the key in this effort as it does on the field, as the boys make quick work of getting a truck load of pumpkins unloaded, organized, and ready for display in anticipation of the Halloween sale.

Thank you boys, for giving back to the Bellaire Community that has given so much to us.

Members of the various Bellaire Baseball teams served as packers and junior Santas when they volunteered in December at the annual Jingle Bell Express toy distribution program. This event collects and hands out toys and treats to needy children in the greater Houston area.

# CHALLENGER GAME

In April, Bellaire Varsity and JV players participated in the Challenger Games at WULL. The Cards acted as “buddies” for each young player, giving everyone a chance to enjoy an afternoon of baseball. So proud of our boys for giving back to the Community.

**A**s President of the Cardinal Baseball Booster Club, I would like to acknowledge the generous sponsors, donors, and volunteers who have made this 2017 Ad Book possible. Thank you to the Ad Book Committee, who put in countless volunteer hours of hard work to make this book possible.

The Bellaire Baseball Ad Book serves as a media guide for the local business community as well as our Cardinal Baseball family, and gives us the opportunity to showcase the talented and dedicated players and personnel that make Bellaire Baseball the highly recognized program that it is.

Without your generosity, CBBC would not be able to provide the support to Bellaire Baseball that is necessary for success. Proceeds from this Ad Book, as well as the other fund-raisers of CBBC, go directly to the support of the Bellaire Baseball program.

We ask that whenever possible, you support the many businesses who have advertised in this Ad Book and please thank them for their support of Bellaire Baseball and the Cardinal Baseball Booster Club.

# **The End...Acknowledgments**

**CBBC would like to take the opportunity to thank everyone who helped us make this 2017 Bellaire Baseball Ad Book/Media Guide a success. We want everyone to know how very much we appreciate your support in helping us to make this edition a success.**

**To Sofia DeCampos, our wonderful graphics designer. Thanks for all your hard work and dedication to this project...and for always being there to answer our questions.**

**Thank you to the Bellaire Baseball Coaching Staff for providing us with the statistical information and updates... and of course for all you give to our boys.**

**Thank you to Dee Zunker and all of our volunteer photographers who so graciously took their cameras to the games, and helped us get pictures of all the teams. We can't be at every game, for every team, so your efforts made this book possible. Without your photographs, there is no AD Book.**

**To all of the generous businesses and families who put ads in the book - THANK YOU FOR YOUR SUPPORT. The AD Book has always been one of our biggest fund-raisers - and you never let us down.**

**Finally, and most of all, thank you to the players and managers of Bellaire Baseball. You are what this book is all about. This book is your memory, your legacy. Thank you for all your hard work, drive, and determination - both on and off the field.**

**To our graduating Seniors...thanks for the memories, and good luck to you as you move on to the next challenges in life.**

**Enjoy this Bellaire Baseball Ad Book. It was hard work, but well worth it...we hope you enjoy it as much as we have.**
