

November 25, 2019

To whom it may concern,

The Klein Collins Baseball Booster club is organized to provide financial support the Klein Collins Baseball Team's actual and recurring costs. Klein Independent School District apportions \$ 2,500 per year to the Baseball program which is inadequate to meet the basic costs to run the program. It takes on average \$20,000 per year to meet the basic needs of the program.

As its President, I am reaching out to you in request of community support of this organization as a local business sponsor. A typical baseball season has on average 65 scheduled home games split between Varsity, Junior Varsity, and Sophomore teams, up to 3 area tournaments, and the past 6 years straight we have added 4 to 6 playoff games.

At each game we host between 75 and 150 visiting players, coaches, college scouts, fans, and extended family members. So, a conservative estimate of, 15,000 Houston Metro area residents per season enjoying our facility, looking at our outfield banners, and strolling past our walk-up signs.

Baseball parents tend to be the most loyal supporters of their respective teams and its sponsors, all of those being potential customers of your business.

Please consider supporting our organization in any way you can. I have attached our 501(c)(3) tax status and a Sponsor Ship form for your convenience.

Feel free to contact me by email or phone with any further questions or information about KCBBC.

Sincerely,

*Michael Carter*
