

REVISED POWER POINT TABLES

These revised Power Point Tables go into use immediately for all entries in the NISCA National Dual Meet Team Ranking program beginning with the 1999-00 school year. Note the columns are now in meet order for the individual events. Many coaches have complained about the print on the tables being so small so we have increased the size of the print resulting in each set of tables being three pages long. Contact Paul Torno if you have questions about the tables (powerpoint@nisca.net).
