

2014 CTYLA Lacrosse Season Stats

Notes

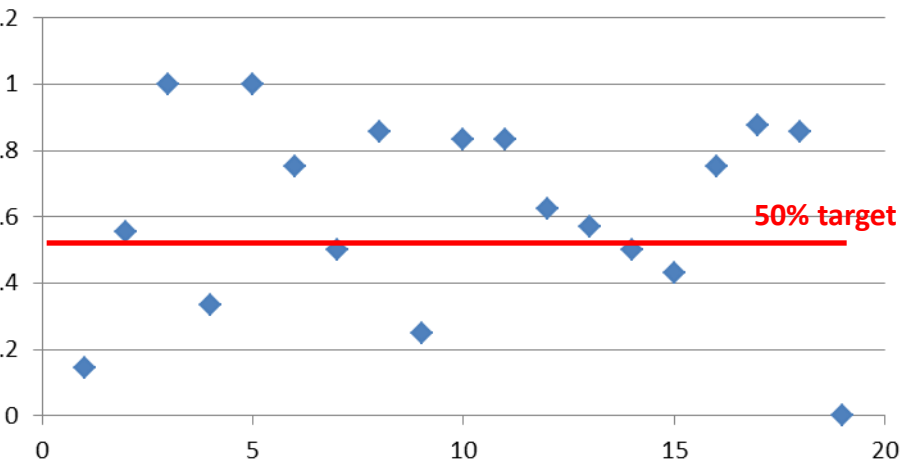

- Data analysis for 43 teams
 - 8 teams not included due to incomplete team assessment forms
 - 13 teams not included due to incomplete win/loss info – required 6 or more games
 - Data analysis focused on Sr. and Jr. divisions (no Bantam/Lightning to simply effort)
- Improvements for team assessment data collection next year
 - Use numbers (not explaining text) when filling out the team assessment forms. Here are examples of bad data:
 - Average age: “All 7th graders”, “(1/2)7th/8th “, “Mostly 8th Graders”
 - Average experience: “1 to 3 years (2)”, “less than 1 year”
 - Ensure team name closely matches name used during game scheduling (and entered in scheduling website)
 - Was unable to match win/loss data with some teams

Overall

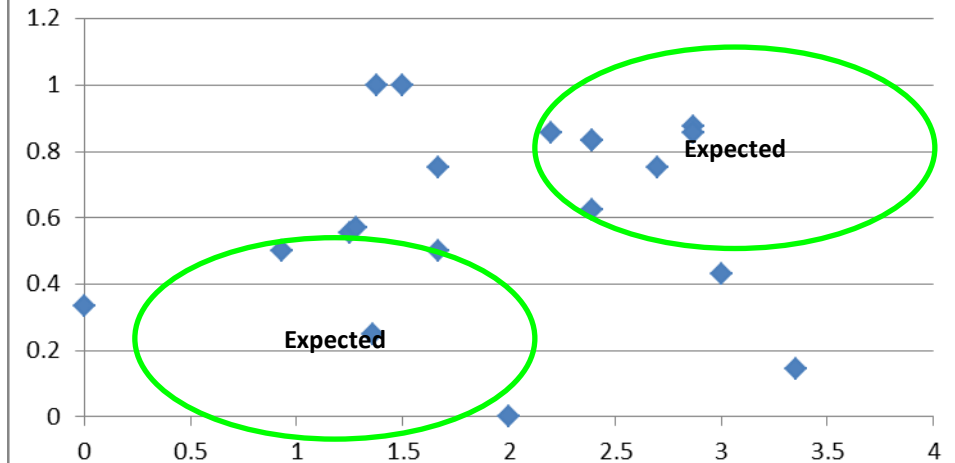

Jr. Division

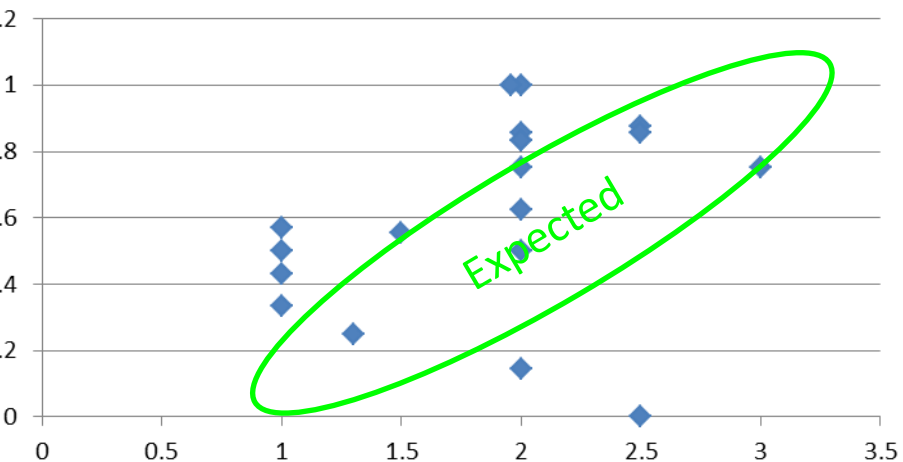

Win Percentage (Jr)

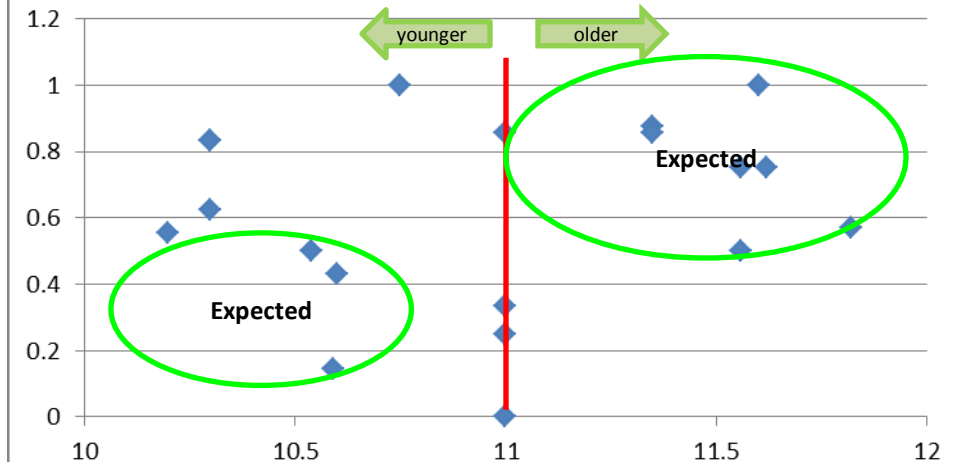

Experience vs. Win Percentage - Jr

Coach Rating vs. Win Percentage - Jr

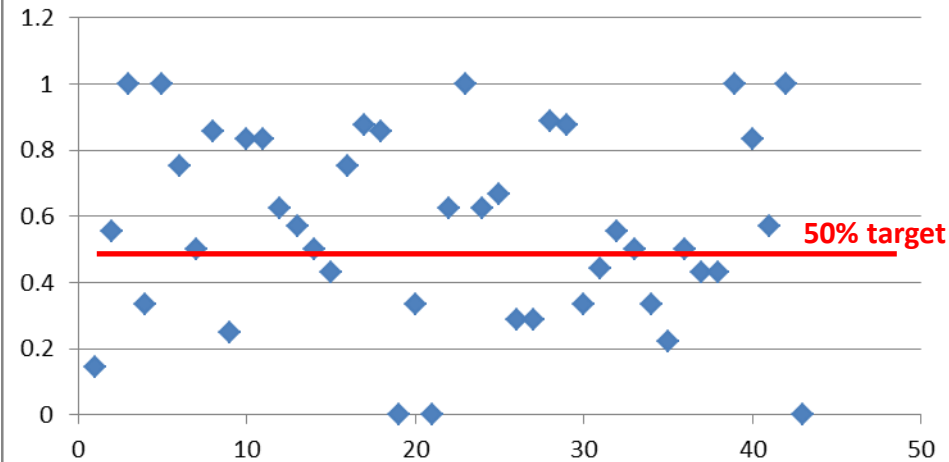

Age vs. Win Percentage (Jr)

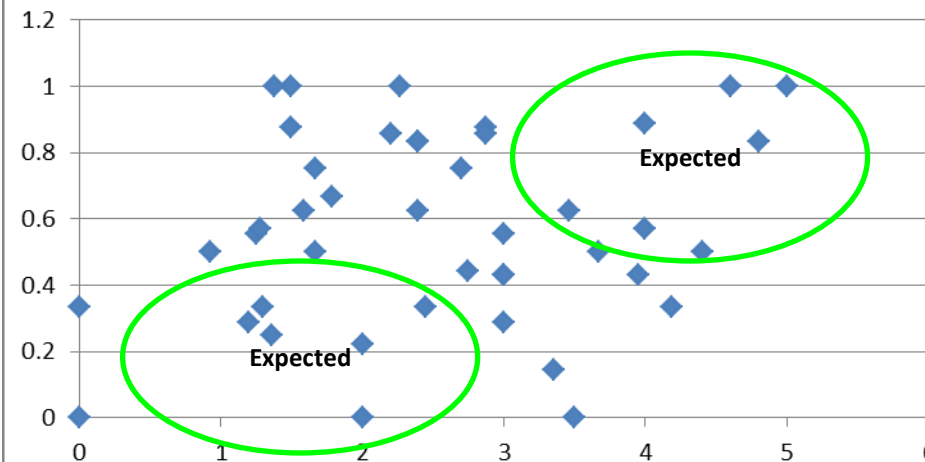

Sr. Division

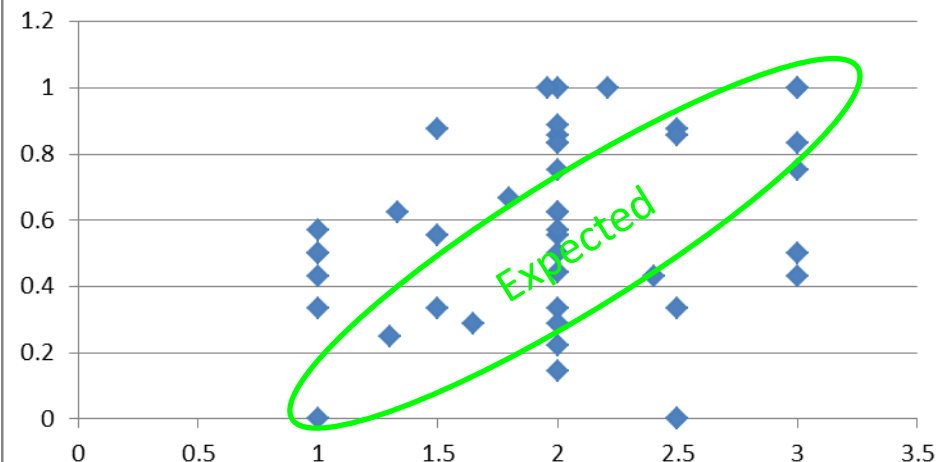

Win Percentage (Sr)

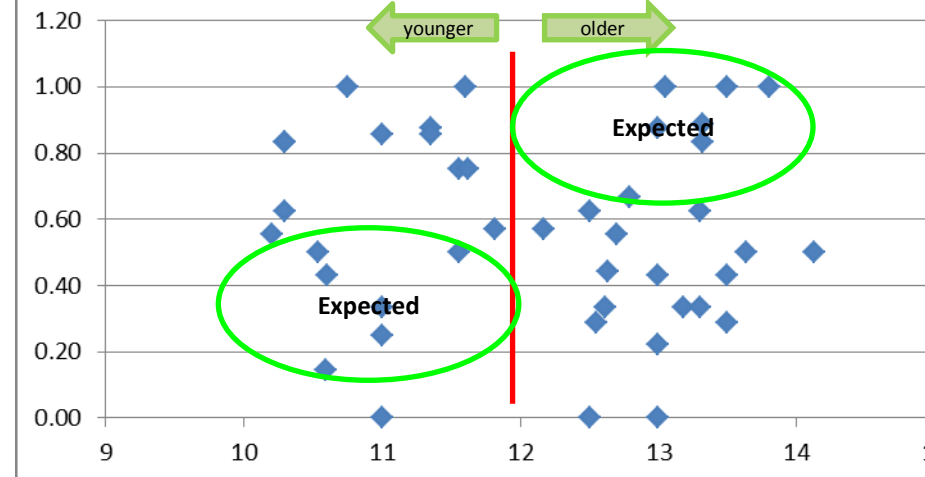

Experience vs. Win Percentage (Sr)

Coach Rating vs. Win Percentage (Sr)

Age vs. Win Percentage (Sr)

Data Collected from Programs

- Average Age (sum of ages / number of players = average age)
- Average Years of Experience (sum of seasons played* / number of players)
- Coach's Rating of 1, 2 or 3 describing team's collective skill level (1 being low, 3 being high)
- **Season defined as Regular Spring Season, or Summer/Fall/Winter participation in travel team or league. Clinics or camps do not count as seasons.*
