

MEMORANDUM

To: All Dixie Youth Baseball Leagues

From: William Wade, Commissioner

Subject: BBCOR Decertification of 33-inch Louisville Slugger Meta composite bat

Date: March 4, 2020

The Washington State University Sports Science Laboratory has advised that the BBCOR decertification process has been implemented for the 2020 33" model Louisville Slugger Meta Composite (-3) 2 5/8" BBCOR Baseball Bat (WTLBBMTB32033, WTLCCBBMP20V, & WBL23630103033).

Effective immediately, the 2020 33" model Louisville Slugger Meta Composite (-3) 2 5/8" BBCOR Baseball Bat (WTLBBMTB32033, WTLCCBBMP20V, & WBL23630103033) is considered a non-compliant bat for use in Dixie Youth Baseball play. At this time, no other sizes of this bat model, or any previous model years of the bat model, have been decertified.

You can find more information on Louisville Slugger's website regarding the 2020 Louisville Slugger 33" Meta decertification, including information for customer returns, at <https://www.slugger.com/en-us/2020-meta-33-update>

Thank you in advance for your immediate attention to this matter.
