

U11 Tryout Process Allstar (A/B Teams) House League Evaluations

The Technical Committee comprised of the President, Vice President, All Star Rep and Technical Director will be responsible for the tryout process. An updated tryout process should be uploaded to the website each year before the tryouts begin.

For Phase 1, Players are placed in starting groups based on where they played last year. Groups will start off smaller in nature to allow for player movement between the groups.

Phase 1 of tryouts involves 4 sessions. The first two will be non-evaluative sessions and the second 2 sessions will be informally evaluated.

During and after Phase 1, players can be moved between groups based on recommendations from the coaches running the sessions and the technical director (staff), observing the sessions. During Phase 1 evaluations take place informally.

Phase 2 of tryouts involves three games which are formally evaluated by evaluators as assigned by the technical director. Phase 2 Evaluators, where possible, should not be the same coaches involved with phase 1.

Phase 2 Evaluators will be assigned for Goalies, Defense and Forwards. The Technical Director (staff) will oversee all tryouts, as will one board member.

All Goalies trying out will also attend a goalie session run by The Technical staff as part of their evaluations.

Notes:

1. Any player not wishing to be evaluated for all star teams should let the office know before the tryout process begins.
2. Any player with a medical exemption during the tryout process has to be evaluated by November 1st in order to try out for U11 all-star teams. If the player is not ready by November 1st, then the player will be placed in our house league division and can try out for our c/d teams. Only the technical director can apply for an exemption to this rule based on their experience / knowledge of the player.
3. C/D team tryout process will be posted later in the year before they begin.

4. Examples of Phase 1 Groups

- U11**
- Group 1 - Returning A/B Players
 - Group 2 – Returning C/D Players
 - Group 3 - Second Year Players Plus Novice Select Players
 - Group 4 - Remaining First Year Players

** These are starting groups only and may have to be split based on registration numbers. The technical staff expects 4-5 groups based on past years registration. **
