

## ABOUT ONU

Ohio Northern University (ONU) has a 95 percent job and graduate school placement rate. Its long-standing success is partly because of excellent professors, partly because of ambitious students, and partly because the University always been rooted in the future. At ONU, students move toward a career long before they graduate – and ONU's alumni successes prove it. With top-ranked programs and opportunities outside the classroom, any path a student chooses at ONU will be grounded in concrete applications for the future. Established in 1871 and comprised of five colleges (Arts & Sciences, Business Administration, Engineering, Pharmacy, and Law), ONU's beautiful residential campus is made up of more than 60 modern residences and academic buildings and provides a vibrant campus experience.

## ABOUT THE COACH

Gene Stechschulte is in his sixth season as the Head Coach at ONU. Prior to coming to ONU Gene was a member of the St. Louis Cardinals. He played collegiately at Ashland University where he was an All-American and graduated first in his class in 1996.

Since taking over the ONU Baseball Program, Gene has had tremendous success. He inherited a team that was the worst team in the league the year prior. He has since turned the program into a winning stable. The Polar Bears have a record of 79-37 in the past three seasons, finishing in the top half of the Ohio Athletic Conference each year. Led by the pitching staff ONU has garnered national attention after being ranked to start the 2016 season. ONU pitching has recorded some of the best numbers in the country. All-American sophomore TJ Storer finished second in Division III for earned run average.

Gene has had offers to coach teams all across the country but is coaching at ONU for one reason. ONU provides opportunities to its students that other universities do not.
