Peter Olson trivia: Name the 3 third basemen with over 3000 lifetime hits.

What's the call, Ump? This happened in a game recently. Runner on 2<sup>nd</sup> base and the batter singles to right field. The fielder comes up throwing the ball home, but the bat has been tossed about 5 feet in front of the plate. The ball hits the bat on the fly and bounces foul up the 3<sup>rd</sup> baseline. Meanwhile the batter has run all the way to 3<sup>rd</sup> base. What's the call here?

Since the bat now becomes part of the field, its game on. In the future, the catcher should pick the bat up and toss it aside just in case this situation happens again.
