Whats the call Ump? Runner on first base with no outs. A slowly bouncing ball to first base and the 1st baseman ranges to his right. The runner is running to 2nd base and when the 1st baseman misses the ball entirely, the ball bounces off the runners ankle and caroms into rightfield. The Defense is claiming the runner is out. What's the call.

Once the ball goes by any infielder except the pitcher, its play on. The runner on 1st base is free to advance.
