What's the call, ump? Runners are on 2nd and 3rd and here's the pitch. It's a base hit to left and the runner on 2nd is trying to score. The on-deck batter attempts to remove the discarded bat which is lying on the ground in the path of the runner. In doing so, he collides with the catcher who is waiting for the throw and can't make the play.

This is interference by the on-deck batter. The runner closest to home at the time of the interference is out. Since the runner who was on 3rd already scored, the runner at 2nd is declared out.
