⁵Those who sow with tears will reap with songs of joy. ⁶Those who go out weeping, carrying seed to sow, will return with songs of joy, carrying sheaves with them. Psalm 126:5-6

We have been so blessed to be apart of these exciting times. Pray many more will hear the Word through these churches!

Mission Interns

We have 3 girls joining us for a month long mission internship during the month of June. They are great as they go into Schools and Bible Clubs.

The working relationship between them and our staff as they all go out to share Christ with the children is as if they have all grown up together.

They are truly a joy as they share their dreams and discuss how they might not be certain yet of exactly where God will take them in their ministry—maybe nursing, worship leading, Christian counseling or something else; but they are certain that they want God to be the center of it all. It is a lesson for which we strive every day.

The well is producing; we are getting it checked for minerals. We praise God for the way He has worked in getting water into this community. Just today they are pumping water into our tank!

Now we are praying for a lot of water so that it will be enough for the entire village! At the very least, that there will be enough for everyone to have clean drinking water. We know it is going to be so much help to evangelize the area and show folks just how powerful God is.

Please continue to pray that God will go before us opening doors and hearts as we meet more people in this area of our ministry. The enemy is certainly trying to cause confusion right now but our God is in control. Pray we will be well received by all and the message of the **Living Water** will go out loudly and clearly.
