Wow! Someone told me once that he always liked getting emails that began with Wow! And that is the one word that best describes 2011. Each year we have been in Ghana has been exciting. To watch the Bible Clubs grow from 50 children in our front yard to now over 200 Bible Clubs with more than 8,000 children – no other word than WOW can describe it. What a praise! This picture describes it – the children love to shout and praise and they love having their picture taken as they praise!

2011 began a new phase of ministry for us. Since our Bible Clubs are covering more and more terrain, we felt this was the year to divide the ministry into five geographical areas, each with its' own Area Coordinator. Thomas, Paul, David, Stephen and Matthew each are already doing great jobs within their own areas.

Our other 'big' news of 2011 was having the 3 boys come to live with us. We were very excited while at the same time apprehensive to move them in with us. But by God's grace, everything went remarkably smooth. Sule was tutored for 2 months and then he moved back with his family and is now attending school and church. Peter continues to help us with Wahidu (who is being renamed Jonathan) and is finishing his last year of high school. We have so enjoyed watching Jonathan grow as he has responded to being well fed and loved.

Of course what made all of this possible to do in one year was having Toby and his family with us. They are always ready to tackle any job set before them and add their own ministry into them. To name a few of the things they do on any given day... Keep things organized and put together for handouts like the Christmas packages for each Bible Club child to receive a gift; teaching the Seedlings; preaching/teaching in villages; mowing; maintenance; visiting Bible Clubs; cooking; cleaning... the list goes on.

The other thing that makes what we do possible is you! Your prayers, your generosity in giving, your encouragement are each so appreciated.

We pray your 2011 was a great year and look forward to partnering with you in 2012!
