WELCOME

THANK YOU FOR BEING HERE TODAY!!! FATHER’S DAY 2022. Forever honor those who had great heart and made the land we love strong. God give us equal strength to do our part as they did. Stand against all wrong. May we find nobler means to aid the right than what the past knew. God’s road is all uphill and we climb slowly. What else would those we honor have us do? The past’s a scroll whereon great truths are found, but not a chain by which men’s feet are bound. Edited by Pastor written by Arthur Guiterman God bless our Father’s on this special day!
