Volunteers Needed_Open Arms Shelter

Fellow Volunteers,

We are looking forward to opening just as soon as this Virus slows down! When businesses are fully able to open up again, we hope to open up too. Virtually all other shelters have been on lock-down, not admitting new residents or allowing volunteers. We, of course, have no way of knowing exactly how many to expect will be homeless considering the aftermath of this pandemic. Hopefully people can get back to work soon to help with any strained financial situations. Whatever the case, we are here to help those that need us.

We are looking for some volunteers to serve on advisory and planning committees. It is critical that we get the Food Committee together right away. The committee would help with meal planning and organizing church groups and individuals to bring in meals. The committee would meet (possibly through conference call or email) to brainstorm and work together to plan out the food for the shelter. At this time, we plan to serve a hot meal only in the evening. We will offer a continental breakfast and a sack lunch for the other two meals.

We are also looking to form a Building Maintenance committee and a Grounds committee to coordinate with volunteers who have already signed up for these roles.

If you or someone you know would consider serving in this way, please call our office or give them our number. We would love to talk. Thank you and have a very blessed day. The weather is getting beautiful out there.

With Great Appreciation,

In 1949, visionaries stood in a North Texas corn field and dreamed of God could do. The farmland was to become a lakefront property when Lake Lavon was created in Collin county. The faithful committed to creating a place that would transform generations for decades. They simply stated **"Imagine what work could be done for the Lord through a camp in this location."**

The first camp on these grounds took place in 1951.

I have personally been blessed to hear stories from all over the state of Texas from individuals that made life-changing decisions and commitments at Lake Lavon Camp.

Next year we will celebrate 70 years of this camps beautiful legacy. In honor of these faithful believers and the thousands of lives changed through this ministry, We would like to spend 2020 preparing to celebrate 70 years of rich legacy that is Lake Lavon Camp! We want this celebration to launch us into the next 70 years of ministry.

During 2020, We are launching our 1951 initiative. The 1951 initiative will raise funds for facility improvements and scholarships. Our goal is to have 1,951 families and friends join us through our 1951 initiative fund.

We pray that you will join us to ensure this great legacy of transformation will continue to impact generations for many years.

IT'S A VIRTUAL MOVIE DATE!

PLEASE HELP US SPREAD THE WORD AND SHARE THIS INVITE WITH OTHERS

The documentary is recommended for viewers 10 years and older and is designed to help identify and understand the symptoms of anxiety and encourage reaching out for help.

Angst can help create a sense of calm and understanding for students and families with increased anxiety due to COVID-19, as well as help our teens look out for each other.
