Mission: The Isaiah Closet was created as a resource for foster and kinship families, to provide children who've been separated from their biological parents with clothing, books and other items during the initial days after placement. Foster families should be taking time to get to know the children placed in their home, not worrying about the financial burden of providing each child with all their material needs immediately following placement. The Isaiah Closet longs to be a support system for Northeast Texas area foster families through the support of our community and the churches within our community. When a foster family connects with The Isaiah Closet, they will be given an Isaiah Bag for each child placed with them, which includes one weeks worth of clothing, toys and other items.
