

PASTORAL FUNDS REQUEST SHEET

Churches Working Together

To Support Their Pastors

Pastoral ministry can be straining! The churches of the Lamine Baptist Association understand this and would love to help carry that load together. If you (a pastor) or your pastor has a need, financial or otherwise, this form might be the place to start. Possibilities for funds requests might include:

- Funds for **pastoral tools** such as books, computer software, etc.
- Funds for **pastoral retreat** or conferences. In the past we have received requests for funds to go to mb125, Minister's Juggling Act, and relaxed time away from ministry (no strings attached!).
- Funds for **a need** such as a medical expense. In the past we have received requests for traveling and food costs associated with a medical need and requests for medical equipment.

Some needs are better met through the direct help of the people of our association. In such a case, you might consider using the phone tree.

- **Phone Tree:** Let the association know about a need you or your pastor has through our phone blast system. Messages can go out to the whole association or just pastors. In the past we have received requests for help with moving, requests for resources from other churches, and prayer requests. Call our office at 573-378-5420 to put a need on the phone tree.

For other types of assistance, you can call Brent McCune (Pastoral Encouragement Leader) at 573.286.7096. Please don't hesitate to ask, I have leaned on the association myself in hard times and we are here for you now!

Who is making this request?

We would like to keep in touch with you through this process. If you provide your contact information we'll get back with you ASAP. If the need is urgent, please call 573.286.7096.
