Interesting Historical Facts: A brick church constructed in 1978 consisted of a large auditorium, baptistery, pastor's study, fellowship hall, kitchen, two restrooms, eight class rooms, and a nursery. The first service in the new church was celebrated on Easter Sunday 1978 with dedication in June. Prior to completion, WCBC celebrated baptismal services in nearby ponds (often using Otis Jones' pond) or sister churches. After completion of the newest Sanctuary, WCBC converted this auditorium into an activity center now called the *Fellowship Hall* and the original fellowship hall was used to enlarged the existing kitchen in September 2001. Most adult classes meet in this building today.

An additional education building, completed by volunteer labor, includes one office, two restrooms, one conference room and eight class rooms. The building was dedicated in September 1981. Known as the *children's wing*, it now houses four children's classes, two ladies class, and administrative space including a private study for the Pastor and three additional offices used by the Children's Ministry, the Treasurer and Ministry Assistant. A note burning service recognized a debt free building in 1985.
