

AHERA ANNUAL NOTICE
REDEEMER LUTHERAN SCHOOL

June 9, 2010

This information is being published to comply with the requirements of 40 CFR 763 Subpart E, asbestos-containing materials in schools. This regulation, commonly known as the "AHERA" rule, requires local educational education agencies, such as this one, to perform certain tasks with regards to the presence and control of asbestos-containing materials in the buildings under the jurisdiction of the local education agency.

These include but are not limited to:

1. Developing an asbestos management plan which is designed to outline procedures and guidelines for the inspection, re-inspection and periodic surveillance of asbestos-containing materials that are present in the buildings.
2. Provide awareness training and additional training to selected school employees.
3. Periodically notify all workers and occupants, or their guardians, parent teacher organizations, and collective bargaining organizations of the availability of asbestos management plans, the location of same and the times that the plan may be reviewed.

This notification is to advise all patrons, occupants, or their legal guardians, collective bargaining organizations, and parent-teachers organizations, that the asbestos management plans required under this act are available for review upon request. A copy of the plans for all buildings under the jurisdiction of this local education agency are available at the administration office of the Redeemer Lutheran School, which is located at 705 Southway Boulevard East, Kokomo, Indiana; telephone number 765-864-6466. The plans can be reviewed by any person during normal business hours of the particular school. Interested parties wishing to inquire about the hours and times that the plans are available should call the above number.

At this time, the management plans can provide information regarding inspections, response actions, and post-response action activities, including periodic re-inspection and surveillance activities that are planned or in progress. Inquiries regarding any facet of the regulation or the management plans should be directed to Mr. Joe Brooks at the above telephone number during regular business hours.

Listed is a brief description of asbestos work that has been completed at our school this year:

1. The required AHERA triennial re-inspection was performed in May 2010 by Micro Air Inc. of Indianapolis, Indiana.
2. Damaged pipe insulation removed.
3. Asbestos wrapped boiler tank treated with sealant.
4. The next scheduled activities are the required six month periodic surveillances in November 2010 and May 2011.

Both friable and non-friable asbestos currently exist within the Redeemer Lutheran School. Detailed reports have become part of the asbestos management plan and may be reviewed in the school office.
