### What's the Big Deal About Salvation?

John 3:14-19

Dictionary definition of Salvation:

"Preservation or deliverance from harm, ruin, or loss."

Theological def. "Deliverance from sin and its consequences, believed by Christians to be brought about by faith in Christ."

#### Why is it needed?

We need to be saved because without salvation, the bible says we are condemned.

Isiah 53:6, "We all, like sheep, have gone astray, each of us has turned to our own way."

That sin separates us from our Heavenly Father.

#### The way to salvation.

You cannot keep living your same old life of sin and be a new creation.

A lot of people who claim to be Christians, are confused and are living a life that is contrary to the word of God.
